PAWNBROKER FAILS TO IDENTIFY NAN PATTERSON OR SMITH VICTIMS ROBBED BY THE HUNDRED.

I am perfectly satisfied with the jury that has been selected to try me and I feel confident that I will have a fair trial, with final acquittal at their hands.—Nan Patterson.

Sketches of the Twelve Patterson Jurors. Nine are Married. Eight Have Children. Three Are Bachelors. The Average Age of the Jury is Fifty Years.

NEW YORK, April 26.—The long expected meeting in court of Hyman Stern, the pawnbroker who sold the revolver with which Caesar Young was killed, and J. Morgan Smith, who, the prosecution alleges, bought the weapon for Nan Patterson, occurred today, and ended in Stern's failure to identify Smith. The confronting of Smith with the pawnbroker had been looked forward to as likely to be the sensational feature of the trial, but instead it was tame and commonplace.

When Stern went on the stand Smith and his wife were brought before him. The pawnbroker told the story of the purchase of the weapon and identified the pistol as the one he had disposed of.

Turning toward Nan Patterson, Assistant District Attorney Rand said: "Look at the defendant. Don't you remember the lady who accompanied the man who bought the revolver? Do you recognize the defendant as the one?"

"I cannot say that she was," answered Mr. Stern.

"Look at Mrs. Smith. Was she the one?"

"I cannot say that she was."

"Now, look at J. Morgan Smith, can you say to the best of your judgment that Mr. Smith resembles the man who purchased the revolver from you?"

Abraham Levy, the defendant's counsel, jumped to his feet with an objection.

"Why can't he ask," he shouted, "is this the man who bought the revolver?"

Recorder Goff sustained the objection.

Mr. Rand then changed the form of the question, saying:

"Is Mr. Smith the man who purchased the revolver?"

Mr. Stern replied:

"I cannot say that he is."

This ended Stern's testimony, and Smith was taken back to the Tombs.

THE EVIDENCE.

NEW YORK, April 27.—It was expected the prosecution in the Nan Patterson case would play what they believe to be their trump card today. From the time that the former show girl was placed in a cell in the Tombs charged with the murder of Caesar Young, the prosecution has claimed that the presence in court of J. Morgan Smith, the prisoner's brother-in-law, would convict the girl of murder.

When Smith fled before the first trial they bewailed his absence and declared that only his presence was necessary to permit them to put in evidence facts which would result in conviction beyond a doubt. Failure of agreement at that trial, they progressed to believe, was almost entirely due to the fact that Smith had not

been found.

MISSING WITNESS.

Through all the months a ceaseless search for the missing witness was made and it is said that nearly \$30,000 was spent by the District Attorney's department in the search.

It is said that the real reason for bringing him back to New York was that Smith might be confronted with Stern, the pawnbroker, who sold the revolver with which Young was shot.

The prosecution claims the revolver was purchased from Stern by J. Morgan Smith less than twenty-four hours before the tragedy in the cab.

This is flatly denied by the defense and at the last trial Lawyer Levy, Miss Patterson's counsel, told the jury that "he wished to God that it was within the power of the defense to produce this witness Smith."

It was believed, however, that the two men would face each other in open court and a most dramatic scene was expected.

THE SKELETON.

The skeleton which played so prominent a part in yesterday's proceedings was still dangling beside the witness chair when Miss Patterson came into the court room today. It was quickly removed by order of Recorder Goff, however.

The first witness today was a representative of a well known arms manufacturer, who identified the revolver as one manufactured by his company. He was followed by Dr. Phelps, of the board of police surgeons, an expert on pistol shots.

The prosecution succeeded, through Dr. Phelps' testimony, in getting in some evidence which was ruled out by Supreme Court Justice Davis at the last trial. The witness told of experiments he had made with the weapon which is alleged to have caused Young's death after Recorder Goff had overruled Mr. Levy's objection and then produced pieces of cloth which he had used in the tests. These samples were similar to the fabric of which Young's coat was made and the witness had fired experimental shots through them.

YOUNG'S COAT.

Dr. Phelps said that after an examination of Young's coat he had reached the conclusion that the muzzle of the revolver was held not less than three nor more than five inches away from the garment when the shot was fired. The pieces of cloth which Mr. Rand said were offered "for illustration only," were handed to the jurors for comparison with the burns on Young's coat. Dr. Phelps explained in detail the distance shown by the samples.

The pieces against which the re-

volver had been held showed considerable scorching around the perforations made by the bullet, while those from which the revolver had been held from three to five inches showed a smaller area of scorching and less smudge, corresponding closely to the burns on Young's coat. The witness was not cross-examined.

THE CAB DRIVER.

John Crowley, a Harlem cab driver, testified that on the morning of June 4 he saw the defendant, Young and William Luce at Eighth avenue and 125th street. Young wanted her to get into the cab and upon her hesitating he pushed her into the cab and directed Crowley to drive to the St. Paul Hotel. On the way Crowley looked into the cab and saw the girl crying.

Under cross-examination, witness said Young slapped the girl's face when he pushed her into the cab and said he would knock her head off. Young was drunk. Another cab driver told of driving Young and Luce to the latter's home after the girl had left in Crowley's cab.

NAN'S LETTER.

Expert testimony of handwriting was introduced when a letter written by Nan Patterson to Ada Patterson, who described herself as a writer, was accepted as a standard. The letter was an invitation to call on Miss Patterson in the Tombs.

David N. Carvalho, an expert on hand writing, then examined several letters and after comparing them with the standard, said that in his opinion all were written by the same person.

NEWSBOY'S STORY.

Joseph Hewitt Jr., a newsboy, described a scene which he said he had witnessed in front of a cafe in Columbus circle on the evening before Young was killed. He said he saw Miss Patterson come from the door of the cafe with a man.

They were quarreling and as the man put the woman in a cab the witness heard the man say:

"You'll have to do it."

The woman replied:

"I won't," whereupon the man slapped her face and pushed her into the cab.

IDENTIFIES SMITH.

As the witness took the stand, J. Morgan Smith was brought into the court room and given a seat among the spectators. When Mr. Rand asked the boy to look around and see if he could pick out the man he saw with Miss Patterson, Mr. Levy objected to the identification being made in that way, and told Recorder Goff that the witness was shown Smith at the time of the latter's arraignment before Judge Foster several days ago.

Smith was then brought to the bar

MME. REGINA RUFF, THE BOGUS MEDIUM, WHO ROBBED HUNDREDS OF OAKLAND PEOPLE.

Madam Ruff, the Bogus Sorceress, Stole Over \$5,000 From Her Callers.

"Easy money," was the legend left by a Kansas City get-rich-quick concern, when the dividends stopped and the agent departed.

These were the musical words that floated spirit like through the halls and corridors of the Eva Building on Thirtieth and Washington streets, when more than one hundred dupes called to see Madame Ruff, the fugitive clairvoyant, hypnotist, seer and spiritualist medium, who by trick and device is alleged to have induced Mrs. Charles Stearns, wife of a Southern Pacific engineer, to part with \$700 worth of jewelry in order to get in communication with the spirits of the other world and to get their advice.

EASY MONEY.

The only answer that rang in the ears of the hundred dupes who, called to get back sums ranging from \$50 to \$2,000, which the medium is alleged to have held as "trustee" while she was getting messages from the dead, was, "Gone, easy money, gone."

As the police continue their investigations the belief grows that to the small amount of \$700 lost by Mrs. Stearns there must be added a sum which ranges from \$5,000 to \$25,000.

For the last eleven days there have been a string of callers at the madame's apartments in the Eva Building. As each one ascended the stairway and turned to the customary door they found it locked. Inquiry was made which elicited the information that she was gone.

SHE IS RUINED.

"One fashionably dressed and aristocratic woman fell backward against the wall with the exclamation, 'My God, I am ruined!'" Her name could not be learned, but she is believed to be a woman of wealth.

Old men, young men, girls, women with heads crowned with winter's snow, called at the doors of the sor-

ceress who had fled.

Their faces fell and their steps trembled when they were told that Madam Ruff was gone. As nearly as can be estimated, there were more than 100 people who called to recover valuables in the keeping of the clairvoyant.

NOT FORGOTTEN.

While Madam Ruff is gone, she is not forgotten. There is a man in the case, a well-dressed young chap by the name of Williams, who posed as a capitalist, but who is said to be the husband of the clever fakir.

All trace of Madam Ruff, has not been lost. It is positively known by the detectives at work on the case that the medium was seen in San Francisco as late as Sunday last. She disappeared on April 16.

It is also learned that Madam Ruff sent one trunk to San Francisco and another trunk East. Great efforts are now being made to trace the trunk which went East. It is thought to contain all the jewels and gems which belonged to misguided persons who called at the madame's place of business and left money or jewels for the dead spirits to wind a message around.

Miss Swift, a young lady stenographer, who did all of the typewriting of Madam Ruff, says that hundreds of people have called to further consult the Madam, but were much taken back when informed that the medium in whom they had put their faith was gone. There was a large correspondence to be answered, and this was attended to by Miss Swift. She states there are also many country dupes who trusted Madam Ruff not wisely nor well, and are greatly out of pocket.

SPEEDILY CURED BY CUTICURA

"I had suffered terrible agony and pain for eight long years from a terrible eczema on the scalp and face. The best doctors were unable to help me, and I had spent a lot of money for many remedies without receiving any benefit. My scalp was covered with sores, my face was like a piece of raw beef, my eyebrows and lashes were falling out, and sometimes I felt as if I was burning up from the terrible itching and pain. I then began treating myself at home, and now my head and face are clear and I am entirely well. I first bathed my face with Cuticura Soap, then applied Cuticura Ointment to the afflicted parts, and took Cuticura Resolvent for the blood. I was greatly relieved after the first application, and continued use of Cuticura soon made a complete cure. Miss Mary F. Fay, Westboro, Mass."

DRAYMEN OBJECT TO OIL BEING USED ON STREETS

OAKLAND, Cal., April 23, 1905.
Hon. Frank K. Mott, Mayor of City of Oakland, Dear Sir: At the regular meeting of the Express and Draymen's Association of Alameda County, held at Gier Hall, April 12, 1905, the following protest and petition were unanimously adopted:

"We, the undersigned, do hereby protest against the oiling of the streets of Oakland by the O. T. Co., or any other corporation or company, for the reasons assigned:

"First—The oil used creates a very unhealthy and injurious smell.

"Second—It is carried into the homes of thousands, on shoes, however careful one may be, and ruins carpets and rugs.

"Third—It is injurious to horses, causing the legs to become sore and irritated.

"Fourth—It is very injurious to wagons and carriages, it ruins the varnish and paint in a very short time.

"It is also ruinous to rubber tires. And as a roadbed does not compare at all with good macadam. The oil creates a spongy surface and thus causes a loaded team to continually pull up grade.

"We therefore protest against its use and would petition your honor to have the same abolished and water used instead. Very respectfully,

TAFT GIVES IMPORTANT RAILROAD DECISION.

**Tells How the Panama Roap
Will Be Conducted By the
United States Government.**

WASHINGTON, April 26.—Secretary Taft has made a decision that is of the greatest importance to railroad interests respecting the policy of the Government relative to the existing monopoly of traffic across the Isthmus of Panama and the fixing of rates over the Panama Railroad on bearing on the existing rates on transcontinental traffic.

The publication of several interviews recently with Secretary Taft, Mr. Shonts and Chief Engineer Wallace has led to much confusion in the public mind of these subjects and the Secretary concluded to publish a letter which he has just written as the best way of making known his views and purposes. In this letter he makes it plain that there is to be no discrimination whatever as between the several steamship companies in handling their business across the Isthmus. He does not anticipate any considerable effect upon transcontinental traffic from the arrangement of the Panama Railroad rate, but this adjustment will be had regardless of such effect.

The letter is as follows:

"The policy of the Government in managing the Panama Railroad is to charge such rates as will pay for the carriage of the goods across the Isthmus, a reasonable return on the investment, and nothing more. It will permit no discrimination against or in favor of any of the connecting steamship lines. It may be that this policy will affect the transcontinental rates on those classes of freight that can stand the Isthmus trip favorable for the shipper. However, Mr. Wallace, our chief engineer and a railway man of experience, thinks that the proposed changes will not have much influence on transcontinental rates, because he thinks but a small proportion of that which goes to make up transcontinental freight can be carried by the Isthmus. The long trip and the fact that the merchandise carried is to be a considerable period in the tropics exclude the possibility of carrying many kinds.

"The Panama Railroad Company owns three steamships, which ply between New York and Colon. We shall make these upon the same basis as possible consistent with paying a reasonable compensation for the carriage and investments. We shall run them merely for the purpose of preventing a combination to raise the rates from the United States to the Isthmus on material that is to be used in the construction of the Canal.

OCEAN RATES.

"The Government is not running and

does not expect to run a line between New York and San Francisco or between San Francisco and New York. The policy of the Panama Railroad Company is to take in view of its ownership of three ships and the docks at Colon and its resulting ability to exclude from the New York and Colon business any other steamship line, has been to monopolize the trade between New York and Panama, on the one side, while its arrangement for exclusive through billing between New York and San Francisco with the Pacific Mail Steamship Company produced a monopoly for the Pacific Mail on the other between Panama and San Francisco on the north and a monopoly for the Chilean and Pacific steamship companies from Panama to the south. So far as the action of the Panama Railroad Company can break up the monopoly it is being taken.

"The Government's acquisition of the railway line was not primarily for the purpose of affecting railway or ocean rates, transcontinental or otherwise. It was for the purpose of acquiring an instrument with which to construct the Panama Canal, absolutely indispensable for the accomplishment of our purpose within a reasonable time. The incident that we must hold the railroad under the franchise requiring us to do a commercial business is what imposes upon us the obligation to what we can make just rates and to what we can make conditions we shall be very glad. If it does not it will not be in our power to do more.

CHANGES IN RATES.

"The effect of the changes in rates and trade conditions is so elusive that it is hardly safe to make a prediction as to the result. One should study the local conditions which prevail at Panama and at the many ports between San Francisco, in Mexico and Central America, and should estimate the exact operation of our coastwise laws, which prevent the intervention of foreign shipping in the trade via the Isthmus between San Francisco and New York, before expressing an opinion as to the effect of the Government's operation of the Panama Railroad upon the rate between our west and east coasts.

"An attempt has been made here to establish an American line competing with the Pacific Mail between San Francisco and Panama, with the assistance of the Panama Railroad Company. It proved to be a disastrous failure, and was followed by a renewal of the discriminating contract, which is to terminate in July next.

"It is possible that the time is now ripe for the establishment of American competition with the Pacific Mail between San Francisco and Panama. Certainly the Government in operating the Panama Railroad will do nothing to hinder it. Nevertheless it is possible that the position of advantage that the Pacific Mail has with respect to Mexican and Central American trade will enable it to establish lines on both sides which will do all the through business that can be done. Any discrimination in its favor by the Panama Railroad. If so, the Government could not prevent it. It is a fact that the Panama Railroad Company is now operating a line from Panama to San Francisco for the purpose, which it cannot do.

FAIR COMMISSIONERS HAVE ORGANIZED.

**Plans Being Made For Alameda
County's Exhibit at the
Exhibition at Portland.**

The Alameda County Commission to the Lewis and Clark Exposition at Portland organized today in the rooms of the Merchants' Exchange.

Thos Gier was elected president, W. H. Welby vice-president and Wilbur Walker secretary.

It was informally agreed that Mr. Welby would go to Portland toward the middle of May for the purpose of making arrangements for the handling of the exhibit.

President Gier will go to the scene about June 1 and Secretary Walker will appear there toward the close of the exposition.

The work of superintending the display from this county will, therefore, be divided among all the members of the commission.

WORK ON EXHIBITS.

This afternoon a force of men under the direction of the commission and Webb N. Pearce was set to work at 1545 Broadway cleaning up the remnants of the exhibit of this county, which made so favorable an impression upon thousands of visitors in the past.

In this remnant there is a great variety of apricots, plums, pears, apples, cherries and an indefinite variety of other fruits, all of which will make an excellent showing.

REPLENISHING.

Some of the jars used at St. Louis will have to be replenished with fresh material. This will be true, in a special manner, of the oranges and lemons.

SHIPPING NEXT WEEK.

The intention of the commission is to ship the exhibit to Portland some time next week, so that the fair management should be able to display the products from this county.

In the latter place the work of installation was performed under the direction and at the expense of the several counties.

At Portland, however, the installation will be done at the expense and under the direction of the California State Commission, to which the fair management has allowed the greater part of one of the wings of the building, the design of which has been fashioned after a Maltese cross.

HEXAGONAL.

In the arm in question the California State Commission will erect a large hexagonal display frame, each side of which on one side will be displayed the products from some section of California. Each of these sides will be approximately twenty-five feet in width.

On one side will be displayed the products of the Southern Counties' Association; on another, those of the San Joaquin Valley Counties' Association; on the third will be the display of the Sacramento Valley Counties' Association; on the fourth will be that of the coast counties; on the next will be the products of the bay counties, namely Alameda and

Contra Costa, while on the sixth side will be the display of the State itself.

COST OF DISPLAY.

The cost of the exhibit made by this county at St. Louis was, in round numbers, less than \$15,000. There has been a total of \$2,500 in the hands of the commission, and it is with this money that the commission is now working. Some more money will be forthcoming to the commission from the second installment of taxes, which will enable the commissioners to do all that may be required of them until a tax levy can be made next August.

The expense of the exhibit in Portland will be a great deal less than was that of the county display at St. Louis.

COLONEL GLAZIER PASSES AWAY

ALBANY, N. Y., April, 26.—Colonel William Glazier, author, soldier and explorer, is dead at his home in this city of heart disease. He was 64 years old. He served in the Northern army during the civil war and for some time was confined in Libby Prison. In 1876 he rode from Boston to San Francisco on horseback and was captured by Indians near Skull Rock, but made his escape. He made claim to the discovery of the real source of the Mississippi, a small lake south of Lake Itasca.

DR. J. F. RINEHART GIVEN JUDGMENT FOR \$3.70.

**That is All He Gets For Appearing
in Old Clothes in Swell
Kentucky Society.**

For the spoiling of his summer outing among friends in old Kentucky by the carelessness of the Southern Pacific in taking his baggage to Springfield, Ill., instead of Springfield, Ky., Judge Ellsworth, evening judge Dr. J. F. Rinehart a judgment against the company for \$3.70.

The suit was brought for \$11.75 and according to the testimony of the doctor, twice this sum would not recompense him for the loss of his clothing during those few weeks.

But the court has no way of determining the intensity of a man's feelings or of fixing in dollars and cents the equivalent of his disappointment. In the language of the Mississippi the court has to be "shown" and Judge Ellsworth held that all the damage that had positively been shown was \$3.70 expended for the storage of the trunk while waiting at a point a thousand miles from their proper destination.

That there was disappointment, loss of time and much trouble Judge Ellsworth admitted but he would not trust himself to make a judgment for such trifling sums. The doctor stated that he had spent several days in trying to find his trunk and hired on several occasions to take him about in looking for them. But the doctor was on his

vacation and there was no pecuniary loss attaching to his quest for clothes.

It was maintained that these clothes were made expressly for this visit and that Mrs. Rinehart had planned and sewed but the judge said: "You got them back. Show me that there were some that could not be used here and fix their value and I will allow you for them. But in the light of the testimony before me I presume they were used as there is nothing before this court to the effect that any were thrown away."

As a defense Attorney Stanley Moore for the railroad tried to show that it was not the fault of the Southern Pacific employees that the trunk with all their bright finery prepared for an outing in the Blue Grass country, did not reach their destination. The trunk took a wrong switch at St. Louis and the employee at that point, reading Springfield without any State following it failed to trace the rest of the routing and sent it along the Chicago and Alton line to the place he was acquainted with. It was admitted there had been carelessness and Attorney W. E. Rinehart on cross-examination tried to show that when the trunk was in the hands of the Southern Pacific agent at Springfield, Mo., it was not in the hands of the State after it made the first mistake. But all this in no way went to show to what extent Dr. Rinehart had been damaged and Judge Ellsworth gave him a judgment for all the loss that had been shown.

Edward Arters, a San Francisco waiter, who dresses with so much style and in such high regard that the persons whom he serves must be envious of his good looks, and who was arrested for the insistence of his love for Miss Emily Rodriguez, a beautiful young woman of this city, was before Judge Smith this morning to tell how he had conducted himself for the last month.

He said he had crushed the tender passion which had heretofore rendered him ridiculous in public and private places.

He was wont to fall on his knees anywhere and any time when his divinity was sight and pour forth his love in burning, impetuous words.

When denied the privilege of being in

his adored one's presence, he resorted to letter writing, couching his affection in terms that breath and thoughts that burn.

Added to all the throbbing contributions he made on the literature of love, were threats worded in such force and fiery style that a member of the Mafia might easily be suspected of the authorship.

Twice he was arrested for not giving up the insane pursuit of a woman who detested him.

On being released he stated that he had gleams of returning sanity and had not molested Miss Rodriguez. She is a pronounced beauty of the Italian Madama order.

FUNNY MEN AT THE MACDONOUGH

A season of five nights and two matinees of fun and nothing else opens at the Macdonough Theater tonight and continues up to and including Sunday night. It will mark the first appearance in this city of those two renowned Dutch comedians, Kolb and Dill, and their merry company of fun-makers.

For many years the two funny men, one longer than the ordinary man, and the other proportionately as short, have been prime favorites across the bay and have furnished to the amusement-loving public a form of entertainment differing widely from that of any other playhouse.

They mutilate the President's English in a way that puts to shame all imitators, and never fail to bring a long series of laughs to even the most hardened theater-goer. At times in the most eccentric costumes, they need only make their appearance on the stage and the fun begins and continues for days after.

When business cares and worries seem almost too much to bear, a couple of some funniness that these comedians have said never fails to bring a smile and trouble floats away. They have had the good judgment to surround themselves with players in every other play, being an artist in his or her class. Edith Mason, who is so well and favorably known in Oakland, is herself a comic opera star, and Thomas Perse's sweet voice is always a delight to one ear.

Ben Dillon is one of the best character men on the stage and Misses Hickman and Bain are two clever dancers. The chorus is large and sprightly and sing and dance with a vim. Besides they are all beautiful young girls who seem to take a pleasure in their work. The complete scenic productions of both "L. O. U." and "The Beauty Shop" are carried out with a dash and a dash.

Longer Desires to
Propose to Girl.**

Edward Arters, a San Francisco waiter, who dresses with so much style and in such high regard that the persons whom he serves must be envious of his good looks, and who was arrested for the insistence of his love for Miss Emily Rodriguez, a beautiful young woman of this city, was before Judge Smith this morning to tell how he had conducted himself for the last month.

He said he had crushed the tender passion which had heretofore rendered him ridiculous in public and private places.

He was wont to fall on his knees anywhere and any time when his divinity was sight and pour forth his love in burning, impetuous words.

When denied the privilege of being in

his adored one's presence, he resorted to letter writing, couching his affection in terms that breath and thoughts that burn.

Added to all the throbbing contributions he made on the literature of love, were threats worded in such force and fiery style that a member of the Mafia might easily be suspected of the authorship.

Twice he was arrested for not giving up the insane pursuit of a woman who detested him.

On being released he stated that he had gleams of returning sanity and had not molested Miss Rodriguez. She is a pronounced beauty of the Italian Madama order.

REGIMENTS READY.

ST. PETERSBURG, April 26.—As all the guards regiments will be held in readiness in various parts of the capital to quell disorders on May day (Russian style) May 14, the annual parade of the Imperial guard which ordinarily takes place in the presence of the Emperor on the Champ de Mars, has been abandoned.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected grave trouble is ahead, unless you take the proper medicine for the disease, as Mrs. John A. Young of Clay, Ky., said. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed. For they quickly relieved and cured me. Best medicine for weak women. Sold under guarantee by Ogden's drug stores, Seventh and Broadway and Twelfth and Washington streets, at 50c a bottle."

BRITISH STEAMER SIGHTS WARSHIPS

HONG KONG, April 26.—The British steamer Calchas, from Hong Kong for Yokohama, which put in here today, sighted three battleships and two cruisers this morning steaming southeast off Lingling Island, about a hundred miles southwest of Hong Kong.

The picture of Mrs. Clella Poye, which appeared on the Madder page of THE TRIBUNE on Saturday, was contributed by Shaw & Shaw, photographers, 1115 Broadway. The photograph is a very attractive one.

A game of baseball with the San Francisco Union, No. 85.
Every afternoon the sturdy teamsters assemble in a lot at the corner of Ninth and Harrison streets and spend an hour or more in being coached by Danny Shay, a professional player, who is also a teamster.
Silver, the manager of the team, has sent a challenge to the union in the city, but has not yet received an answer, as that local will not meet until tomorrow evening.
It is proposed to play in San Francisco, the gate receipts are to be used for the benefit of two members of Local 70 who are sick, one with typhoid fever and another with a broken leg.
DON'T FORGET THE DATE.
The fourth anniversary ball of the Laundry Workers will be given Saturday evening, April 29, at Germania Hall, corner Seventh and Webster streets. A good time assured to all.
PRESENT WATCH TO FATHER CLIFFORD
On Sunday last a committee from the Knights of Tara waited upon Rev. Father M. J. Clifford of the Church of the Immaculate Conception and presented him with a beautiful gold watch and chain and gold cross as a token of esteem for his services to the Irish community in Oakland.
The watch was presented to him as a token of esteem of the local lodge of Knights of Tara.

RAILROAD AFFAIRS ARE ON MOVE IN THIS STATE.

Much Talk About the Plans of the Western Pacific--Moves of the S. P. Company.

That the Southern Pacific has a further intent in the building of the proposed new road from Sacramento to Walnut Grove and thence to Antioch than merely the tapping of the orchard districts along the east side of the Sacramento River is the belief that is beginning to gain ground among those who have kept in touch with its plans. Taken in connection with the present project of a bridge across a narrow portion of Suisun Bay it would seem that the new line does away with the necessity for this and for the maintenance of a ferry from Suisun to Port Costa for the accommodation of overland trains.
The plans of the Southern Pacific for the new line include the building of a broad gauge track from Sacramento to Walnut Grove. From here the line is to be built by the shortest possible route to the vegetable gardens on the reclaimed land.
The line from Walnut Grove to Antioch will strike to the east of Suisun Bay except at one point. This is about six miles west of Suisun Island. Here the construction of a bridge that will not interfere with the traffic of the bay is the intention. When the connection is formed with Antioch there will be a new line from Sacramento to Port Costa, and then a branch line to Suisun Bay and the Straits of Carquinez. In other words, the Southern Pacific will have a new way to route its through trains from the East to Oakland which will avoid crossing Suisun Bay and the narrowness of the straits in distance is slightly in favor of the old route but is compensated for by the gaining in time in avoiding the ferry. The new line will be some nine or ten miles longer, a matter of perhaps twenty minutes at the rate of speed through the straits. The line will cut the trains into sections, ferry them across the Straits of Carquinez and recombine them at Suisun Bay and the crossing is sometimes even more.

The plan of a Sacramento-Antioch road is a remnant of the old plan of a Sacramento-Suisun Railroad was absorbed. This company owned rights of way from Sacramento to Antioch and had intended to build a line from there by the Southern Pacific, to build that road. New rights, however, are now to be sold by the Southern Pacific in building this short cut line to the river town.
The development that the new plan will give to Contra Costa county when completed, can hardly be overestimated. It will not only be a sort of spoke to the county, but it will be a link between the old route and must mean their advancement of growth. Antioch will then be a junction in two broad lines and the lines will meet here and it will also bring together bay and overland navigation. Although the Southern Pacific Company has not yet admitted that it intends routing its overland trains by way of Antioch, it has never denied it. The fact that the great advantages of the route are apparent to the company. It is also a fact that the route is a link between the fruit and vegetable shipments are sufficient in themselves to warrant the building of the line. The line will be in the care of the line connecting Sacramento and Stockton and the latter city and Port Costa in addition to this reason for believing in such a route. The plan is the fact that the maturing of the scheme and the opposition to a bridge at any point across Suisun Bay have been almost simultaneous.

A. C. BIRD ARRIVES.
SAN FRANCISCO, April 26.—A. C. Bird, vice-president of the Gould Construction Company, arrived here from the eastern part of the State yesterday, accompanied by Mrs. Bird, Miss Bird, Mrs. P. W. Huston, Miss C. E. Childs, Miss A. W. Howard, Miss M. J. Hearne of Los Angeles. The visitors have taken apartments at the Palace Hotel.
Mr. Bird, who controls the traffic of a greater mileage of railroad than any other man in the country, has been in the southern part of the State during the past two weeks for rest and recreation. He owns a pretty little farm near Long Beach on which, he says, he intends to erect a comfortable home, so that his family may spend their winters in California in the future.
Mr. Bird was not inclined to discuss railroad affairs when seen yesterday. He was asked about the Western Pacific, which, when completed, will so far as traffic affairs are concerned, be placed under his jurisdiction. He said that the road will now be built with as little delay as possible.
He was asked much of a stranger to California. This is his nineteenth visit to the coast, and he is said to be quite familiar with business and industrial conditions in the State and any traffic official in the country, although he has never been connected with any railroad, he is said to be well posted on the subject. He is said to be well posted on the subject. He is said to be well posted on the subject.

WESTERN PACIFIC.
SAN FRANCISCO, April 26.—Three of the local directors of the Western Pacific departed last evening for New York, where they are to attend an important meeting called by George Gould for the purpose of reorganizing the board and planning for the construction of the big new transcontinental railroad. The directors who left town last evening were J. D. B. Brown, David L. Walker, director A. C. B. Kain, left for the East on Sunday. Brown, Walker and Batcher.

TWO WEDDINGS.

Miss Ethel May Allen, the eldest daughter of Mr. and Mrs. E. A. Allen of Alameda, will be married this evening to William L. Pixley of San Francisco, the ceremony taking place at the residence of the bride's parents, 842 Cedar street, and being performed by the Rev. G. B. Allen and the Rev. F. A. Ringo, the two grandfathers of the bride-elect.

The bride will be attended by two small cousins, Ruth Browne and Eleanor Pingham, and another cousin, Basil Browne, will be the ring-bearer. The groom's attendants will be Edward R. Allen and Henry Pixley.
After the wedding the supper will be served on the wide porch which extends out over the bay, and later the young people will leave on a honeymoon trip, their destination not being as yet disclosed. They will reside in San Francisco on their return.

Miss Allen has many friends in Alameda, having resided there since infancy. Mr. Pixley is connected with a large commercial house in San Francisco.

On Monday Earl H. McCollister, a graduate of the University of California with the class of 1903, and at present a theological student at the Church Divinity School of the Pacific, at San Mateo, where he is preparing to enter the Episcopal ministry, announced to his fraternity brothers of Phi Sigma Delta at Berkeley that he would shortly wed Miss Beatrice Snow, a graduate with the class of 1904.

Miss Snow is the daughter of Mr. and Mrs. J. R. Snow of Portland, and is at present teaching in a high school in the southern part of that State.
Mr. McCollister is a son of Mr. and Mrs. I. M. McCollister of Santa Barbara.

GUEST OF HONOR.

A luncheon was given yesterday by Mrs. Frank C. Havens in honor of Miss Marion Smith, whose marriage to Roland Oliver is set for next week.
The table was decked with forget-me-nots and pink blossoms, together with an artistic arrangement of orange blossoms. The favors, place cards and other details carried out the idea of the sweet-scented blossoms. During the luncheon a string orchestra played softly, and the toasts to the bride were original verses, some gay, some serious.

Covers were laid for Mrs. F. M. Smith, Miss Marion Smith, Miss Grace Sperry, Miss Evelyn Ellis, Mrs. Wickham Havens, Mrs. Harry Maxwell, Mrs. Harold Havens, Mrs. Harmon Bell, Mrs. John C. Klein, Mrs. Bernard Miller, Miss Florence White, Miss Ethel Moore, Miss Helen Chase, Miss Noelle de Golia, Miss Florence Hush, Mrs. Edward Engle, Miss Edith Gaskill, Miss Winifred Burdge and Miss Pauline Fore.

Covers for twenty-four were laid at the home of Mr. and Mrs. Dan Belden, who entertained at dinner last evening in honor of Miss Marion Smith and Roland Oliver. The table was decorated with Duchesse roses and maidenhair ferns, and the favors were laid in brass caskets for the ladies and artistic stencils and pipes for the men.
The menu was elaborate, and dinner was followed by an informal musicale.

NEW YORK ARTIST

Recommends Vinol to Create Strength.
A prominent New York artist, Mr. Jules de Naton, writes: "This is to certify that I have taken Vinol and found it of great value as an appetizer and tonic in general debility. After all other tonics and medicines had failed to help me, Vinol built up my strength and invigorated my whole system in a remarkably short time. It is certainly a delicious cod liver oil preparation and contains none of the greasy, disagreeable features of old-fashioned cod liver oil and emulsions, and I want to recommend Vinol to every one who is in a weak, run-down, debilitated condition."
This is only another illustration that where all other tonics and emulsions of cod liver oil fail, Vinol will purify and enrich the blood, increase the appetite and create strength.
Druggist Parker of the Owl Drug Company, says: "The reason Vinol accomplishes such remarkable results is because it contains in a concentrated form all the curative, strength-creating properties of that famous old remedy cod liver oil, but without a drop of oil or grease to upset the stomach and retard the work."
We wish every man, woman or child in Oakland who is run down, tired, debilitated or overworked would try Vinol on our guarantee to return their money if it fails. The Owl Drug Company.

PROSPECTUS:

TO THE PUBLIC.

The Tonopah Home Consolidated Mines & Exploration Co. is organized for the purpose of taking over and consolidating and developing several of the close-in and most promising of the properties in Tonopah, and adjoining and adjacent to the developed properties.

In this district, now only about 4 years old, over \$150,000,000 has been developed and is now being extracted. New discoveries are constantly being made and the area in which these large and very rich ledges are being discovered is constantly being widened and extended; important discoveries have recently been made, which render extremely valuable the area now controlled by this company, and as well as that in which it is proposed to operate under this consolidation. In addition it has been decided to add the feature of an exploration company to examine, prospect, develop and take over other properties in Tonopah, Goldfield, Bullfrog, Silver Peak and other districts, and the advantages of combining this feature are that:

In the selection and acquisition of mining property the company commands, first, its own engineering talent, and, second, may select from the work of a great army of prospectors. The latter are always presenting their discoveries to those whom they believe will undertake development. Out of such a condition, aside from the active work of those directly in the employ of the Company, the good from the bad can be segregated. The earliest and often the best discoveries in a district thus pass into the hands of our examining engineers. Later discoveries in older districts will likewise be brought into touch with us more easily and promptly than where there is an absence of a source known to the prospector through which he can negotiate a bond or sale.

Heretofore the large investor and the Exploration Companies have curiously enough devoted themselves to a search for "going concerns." "Going concerns" of merit are seldom for sale at a commensurate price. If they are acquired it is usually at a price so high that over-capitalization must follow with meagre and uninviting dividends. It is not unusual that the end of the dividend period has been reached long before there has been a return of the original capital and the interest on the money which it should logically earn.

Realizing that these facts have in the past too often operated disastrously to many worthy but misdirected concerns the Tonopah Home Cons. M. & E. Company will seek to acquire and take over properties in their early development. Whatever fruits may accrue out of such properties the company will enjoy in the fullest measure, not only in the production of ores, but in the enhanced values arising out of actual development. This latter is often the largest empirical asset which a "going concern" has to offer when it is for sale. Moreover in the early stages of development before any considerable amounts of money have been spent, the earmarks of promise or failure pretty generally manifest themselves. It is therefore possible to forestall a large outlay which in the end may become a total loss, and at a time when we have spent only such reasonable sums as the property or properties actually or reasonably warrant; not in the light of prospective or speculative value, but in the light of substantial and definite merit.

The remarkable discoveries made within the past two or three years in Western and Southwestern Nevada, embracing such districts as Tonopah, Goldfield, Bullfrog, Kawich, Lida, et al., call attention conspicuously to the opportunities for organized talent and capital prepared to operate in those districts. Notwithstanding the lack of capital many splendid fortunes have been made.

In nearly every instance those fortunes have been made at an astounding premium. Thus only have the very high grade ores been shipped at costs ranging from \$20.00 to \$40.00 per ton. Had ample capital been in hand at the beginning nearly the whole of the values could have been converted to the profit of the owners, instead of to transportation, reduction and other companies. Such a condition as this presupposes only exceptionally high-grade ores, while those of lower value either remain unworked altogether or are handled at a heavy disadvantage. A large proportion of mining dividends are derived not from bonanza ores, but from those of medium or even low value, and the paying and going concerns of today are ones in which ample capital is in hand to make a success wherein for the lack of capital failure would follow. This is peculiarly true of all industrials and is conspicuously true of mining. With these facts in view, it is considered that the Tonopah Home Consolidated Mines & Exploration Co. is in an excellent position; and, operating as it is in such a wonderfully rich section, that early and large dividends can be made.

S. A. KNAPP, J. C. RALSTON, Tonopah Home Consolidated Mines & Exploration Co., Mining Engineers.

TO THE OWNERS OF TONOPAH HOME STOCK—

The owners of Tonopah Home Mining Company's stock will receive one (par value \$10) share of the new issue of the Tonopah Home Consolidated Mines & Exploration Company for ten (10) (par value \$1.00) shares of their holdings (for single shares in lots less than 10 fractional shares will be issued) in the Tonopah Home Mining Company. Persons sending their stock to the American National Bank of San Francisco will receive a Directors' receipt until the new stock is issued.

The Directors of the Tonopah Home Consolidated Mines & Exploration Company will not take over the Tonopah Home Company's stock after May 8th unless specially agreed with the Executive Committee of the Board of Directors.

TO THE MEMBERS OF THE SAN FRANCISCO STOCK EXCHANGE BOARD AND THE SAN FRANCISCO AND TONOPAH EXCHANGE—

We have arranged with the Tonopah Home Consolidated Mines & Exploration Company to substitute Home stock for the new issue on buyer's contract, where said transactions have been through either Exchange.

Mr. Hill finally got tired of it, because he finally discovered that it was a hindrance rather than a help to him. It provoked antagonisms. Every time it offended anybody the aggrieved person tried to get even by attacking its multi-millionaire backer and by trying to block his railroad plans. Thus Mr. Hill's newspaper made enemies for Mr. Hill's railroad, for the public took a freakish delight in going counter to the advice so freely and unselfishly tendered by Mr. Hill's organ. It was a certificate of character for an official to be abused by the Globe. The people were pleased with officials who failed to please Mr. Hill. The Globe advertised what Mr. Hill wanted, and the public got up in the middle of the night to see that he didn't get it.

Moreover, the responsible business men of St. Paul and Minneapolis, however courteous they might be to Mr. Hill, resented the efforts of the railway magnate to dominate the newspaper field and control public sentiment with an organ maintained by his millions. The

MRS. W. S. PALMER.

Mrs. W. S. Palmer arranged a delightful surprise last evening for her husband, whose birthday anniversary was celebrated. Eighteen guests assembled at an elaborate dinner prepared for an unsuspecting host. Among those who enjoyed the evening were Mr. and Mrs. Wilder and Mr. and Mrs. Thomas of San Francisco, Mr. and Mrs. J. J. Allen, Mr. and Mrs. Tobriner, Mr. and Mrs. Corrigan, Mrs. L. L. Brownell and Al Baker.

HYDE-HATHAWAY WEDDING TO-NIGHT

MILITARY WEDDING AT ST. PAUL'S CHURCH—OTHER WEDDINGS.

The marriage of Miss May Van de Carr Hyde and Lieutenant Charles Emery Hathaway takes place this evening at St. Paul's Episcopal Church, Right Rev. William Ford Nichols officiating, assisted by Rev. Chas. Wakeley, rector of St. Paul's. The bride will be attended by her sister, Miss Katherine Hyde, as maid of honor, and the bridesmaids include Miss Clara English, Miss Beulah Brigham, Miss Olive Hyde, Miss May Moffitt and Miss Mariana Matthews. The groom will be attended by Lieutenant John Clapham of the Presidio barracks, and the ushers will include Major Morrow, Lieutenant Bell, Lieutenant Upham, Lieutenant Bineford. The decorations for the wedding are in the military colors, and flags and palms form the attractive setting for the bridal party. The bride will be gown in white and the bridesmaids' gowns will be yellow, suggestive of the

WHICH GIVES MOST PLEASURE FORTUNE OR MISFORTUNE?

LONDON, April 25.—There is a question which has never yet been discussed—to wit: Which has given the most pleasure to the world, fortune or misfortune? The founders of "The Calamity Club" are convinced that trouble kills time—provided it is the trouble of others. All the members are to be men or women who have a large acquaintance, and have little to do but to gather misfortune in their neighbors' houses, and nothing is to be mentioned in the club that is generally accounted fortunate. The news agencies have strict orders to supply the club with only such information as concerns battles, murders, shipwrecks, fatal accidents, the death of important persons, failures, fires and exposures in the courts of law. It is said that the ordinary clubs in London have become oppressively dull because most of the men occupy much of their time either in the city or playing at bridge, and that, therefore, there is little scandal distributed at these institutions. Besides, in former days, most of the news filtered through the clubs to the papers, but now the editors are so well informed that the news generally travels through the papers to the clubs, and, therefore, many men find it unnecessary to go to the last-mentioned. At "The Calamity Club" there is to be no bridge, and every care will be taken to collect the latest accounts of the troubles of others, so that the details will be at the disposal of members several hours before even the best-informed editor is in possession of them. As that promises to be far and away the most cheerful club in London, the applications for membership are pouring in. The first election is to take place next week.

cavalry, to which Mr. Hathaway belongs. Miss Hyde is one of the charming girls of the younger set, and had not made her formal debut in society when her engagement was announced a few months ago. She is a graduate from Miss Head's school at Berkeley. After the pretty church ceremony this evening, which will be attended by several hundred guests, there will be an informal reception at the Hyde home on Tenth street for relatives and a few close friends. Lieutenant Hathaway and his bride will make their home at Fort Riley, Kansas, after an extended honeymoon trip.

FAREWELL CONCERT. The farewell concert tendered to Miss Mabel J. Riegelman last evening at Reed Hall was a gratifying success. The young singer more than fulfilled the expectations of her friends and under the direction of Gaski a great future is predicted for the young student. The great success of the concert was due to Mrs. Oscar Luning and the score of society women who acted as patronesses. The program was as follows: I. Vedral Carino.....Mozart Miss Riegelman. II. Lieder ohne Worte.....Mendelssohn No. 31 B Flat Major. No. 32 F Sharp Minor. No. 24 A Major. Mr. Blanchard. III. (a) Autumn, Sadness.....Nevin (b) "Oh! Vision Entrancing!" from "Esmeralda".....A. G. Thomas Mr. Pendleton. IV. My Mother Bids Me Blind My Hair.....Miss Riegelman. V. (a) Romance (b) Overtass.....Wienlawski (c) La Coquette (Mss.) Mr. Buckley. VI. Stars the Night Adorning.....Weiserlin Miss Riegelman. VII. Scherzo, B Flat Minor.....Chopin Mr. Blanchard.

WOMEN'S CHORAL. The Women's Choral Society of the University of California announces a concert to take place Thursday evening, April 27, at Hearst Hall. The choral is under the leadership of Dr. H. J. Stewart, and is doing splendid work. The program announced for Thursday evening is as follows: 1. "The Gypsies".....Schumann 2. "Nearest and Dearest".....Caracciolo 3. Contralto solo—"Sunset".....Isabel Ward, '05. 4. "Ave Maria".....Mendelssohn 5. "When Love is Kind".....H. J. Stewart 6. Tenor solo—"Onward, awake!".....(from "Hiawatha").....S. Colridge-Taylor.....Mr. Frank Onslow 7. "Onward, Bonny Boat".....Kuecken PART II 1. "Spinning Song".....Wagner 2. Soprano solo—"Thine Eyes so Blue and Tender".....Lassen Robert Seaman, '06. 3. "The Widow's Lament".....H. J. Stewart. 4. "Day is at Last Departing".....Roff 5. Tenor solo—"An Evening Song".....Blumenthal Mr. Frank Onslow. 6. "Ebb and Flow".....Oliver King The officers of the choral include Miss Amelia W. Sellander, president; Miss Davida Cohn, vice-president; Miss Margaret Wythe, treasurer; Miss Edith M. Rickley, secretary; Miss Harriet S. Smythe, accompanist; Dr. H. J. Stewart, director. The active members include Grace Darlow, Maudie Barnitz, Beatrice Racogalupi, Dorothy Burdort, Edna Colender, Clara Carver, Helen M. Clark, Davida Cohn, Marguerite Daniels, Ethel Dewing, Rosa Diehle, George L. Doody, Ethel Day, Amy Fisher, Grace M. Goodwin, Stella Harman, Flora Harris, Katherine Jones, Cora A. Jaenoch, Sally Kerr, Lucy Kastens, Bertha Kornberg, Helen Waterman, Elsie Gremke, Pearl Lewis, Anna Lemos, Lucy McLevy, Helen Mangies, Eleanor Mel, Geneva Waver, Agnes Paterson, Elberta Paterson, Mabel Reed, Edith M. Rickley, Alice M. Sanger, Amelia W. INFORMAL TEA. There will be an informal tea tomorrow afternoon from 2 until 5 at the Y. W. C. A. on Franklin street near Twentieth. An interesting program is announced for the afternoon, including a piano solo by Miss Elizabeth Simpson, songs by Mrs. Harry Carleton, dramatic reading by Miss Potter of Berkeley, and soprano solo by Mrs. J. J. Warner. A small admission fee will be charged, the proceeds of the tea to be devoted to the East End Settlement.

UNITY CLUB. A unique and original program was given by the church choir, Unity Club, and Women's Alliance of the Unitarian Church in Wendell Hall, last night, in which "Prof. Ossler presented Methusalem and forty other stars," and the affair was the success it promised to be. Much of the evening's amusement was due to the wit and original jokes of Mr. A. H. Elliott as Methusalem, Judge J. W. Stetson as Noah, and Mr. Will H. Gorrell as Pharaoh, the interlocutor and end-men. The chorus, under the direction of Prof. D. P. Hughes, did splendid work and also the quartette, composed of Messrs. Robert Williams, Robert Hughes, Charles Poulter and J. O. Williams, which deserves especial mention for their interpretation of the much sung "Old Oaken Bucket." Mrs. Charles Poulter always sings well, and her solo was catchy, calling for an encore. Mr. John Williams' bass solo was appreciated, and followed another pretty song feature, the baritone solo by Mr. Robert Hughes. Mr. Hughes' voice is very sympathetic and with the softening effect of the humming accompaniment of the chorus to "My Old Kentucky Home," brought forth a round of applause. Part two of the program was opened with a piano solo by Mrs. R. M. Hughes. Every one knows what to expect of Mrs. Hughes, for her skill is unquestionable and her popularity widespread. A sketch, "Engaging a Footman," by Misses Olive Dibert and Anna White, and Mr. Jesse Dibert, and written especially for this entertainment by Miss Dibert, presenting a scene from a marriage bureau, was cleverly done, as was the monologue by Mrs. Maud Henderson. Mr. Barney Bernard, who very kindly gave his services to this entertainment, will be remembered as the drawing card of Fisher's Opera House in San Francisco, and his admirers, with those who had not heard him there, united in the applause given him.

BRIDGE WHIST. Mrs. Lillian Brown Everts was hostess yesterday at a delightful informal gathering of friends, who spent the hours over bridge whist. Those who enjoyed the afternoon, included Mrs. Hayward G. Thomas, Mrs. James G. Allen, Mrs. Edson Adams, Mrs. Horry Meeks, Mrs. Robert S. Knight, Mrs. M. W. Kelen, Mrs. Arthur Crallin, Mrs. John L. Howard, Mrs. Charles Elias, Mrs. Andrew Mosely, Mrs. Egbert

Stone, Mrs. Charles Minor Goodall, Mrs. Harry Adams, Mrs. Charles Houghton, Mrs. J. R. Burnham, Miss Harriet Hall, Mrs. F. M. Hathaway, Mrs. Albert M. Sutton and Mrs. Frank Brigham.

PLAY FIVE HUNDRED. Mrs. George Steele Lackie and her sister, Miss Elizabeth Scupham, entertained a Five Hundred Club today at Mrs. Lackie's home on Telegraph avenue. Among the players were Mrs. Walter Gannon, Mrs. J. N. Pomeroy, the Misses Brickell, Miss Margaret Olcese, Mrs. Charles Morey, Mrs. George Lackie and Miss Elizabeth Scupham.

OAKLAND CLUB. The members of the Oakland Club and their guests enjoyed a delightful luncheon today at the attractive club quarters in Maple Hall. The color scheme chosen for the decoration was yellow and white, and an elaborate menu was served. A musical program followed, including songs by Mrs. F. E. Brooks and by Mrs. Nichol, with a violin obligato. Miss Lucia Oliver gave a dramatic reading. The luncheon was in charge of Mrs. W. D. Smith, assisted by the following ladies: Miss Grace Trevor, Miss Lillian Swales, Mrs. H. L. Whitehead, Mrs. O. C. Voss, Mrs. M. L. Broadwell, Miss Bessie Wood, Mrs. P. R. Stewart and Mrs. Egbert Stone.

INFORMAL TEA. There will be an informal tea tomorrow afternoon from 2 until 5 at the Y. W. C. A. on Franklin street near Twentieth. An interesting program is announced for the afternoon, including a piano solo by Miss Elizabeth Simpson, songs by Mrs. Harry Carleton, dramatic reading by Miss Potter of Berkeley, and soprano solo by Mrs. J. J. Warner. A small admission fee will be charged, the proceeds of the tea to be devoted to the East End Settlement.

UNITY CLUB. A unique and original program was given by the church choir, Unity Club, and Women's Alliance of the Unitarian Church in Wendell Hall, last night, in which "Prof. Ossler presented Methusalem and forty other stars," and the affair was the success it promised to be. Much of the evening's amusement was due to the wit and original jokes of Mr. A. H. Elliott as Methusalem, Judge J. W. Stetson as Noah, and Mr. Will H. Gorrell as Pharaoh, the interlocutor and end-men. The chorus, under the direction of Prof. D. P. Hughes, did splendid work and also the quartette, composed of Messrs. Robert Williams, Robert Hughes, Charles Poulter and J. O. Williams, which deserves especial mention for their interpretation of the much sung "Old Oaken Bucket." Mrs. Charles Poulter always sings well, and her solo was catchy, calling for an encore. Mr. John Williams' bass solo was appreciated, and followed another pretty song feature, the baritone solo by Mr. Robert Hughes. Mr. Hughes' voice is very sympathetic and with the softening effect of the humming accompaniment of the chorus to "My Old Kentucky Home," brought forth a round of applause. Part two of the program was opened with a piano solo by Mrs. R. M. Hughes. Every one knows what to expect of Mrs. Hughes, for her skill is unquestionable and her popularity widespread. A sketch, "Engaging a Footman," by Misses Olive Dibert and Anna White, and Mr. Jesse Dibert, and written especially for this entertainment by Miss Dibert, presenting a scene from a marriage bureau, was cleverly done, as was the monologue by Mrs. Maud Henderson. Mr. Barney Bernard, who very kindly gave his services to this entertainment, will be remembered as the drawing card of Fisher's Opera House in San Francisco, and his admirers, with those who had not heard him there, united in the applause given him.

BRIDGE WHIST. Mrs. Lillian Brown Everts was hostess yesterday at a delightful informal gathering of friends, who spent the hours over bridge whist. Those who enjoyed the afternoon, included Mrs. Hayward G. Thomas, Mrs. James G. Allen, Mrs. Edson Adams, Mrs. Horry Meeks, Mrs. Robert S. Knight, Mrs. M. W. Kelen, Mrs. Arthur Crallin, Mrs. John L. Howard, Mrs. Charles Elias, Mrs. Andrew Mosely, Mrs. Egbert

Stone, Mrs. Charles Minor Goodall, Mrs. Harry Adams, Mrs. Charles Houghton, Mrs. J. R. Burnham, Miss Harriet Hall, Mrs. F. M. Hathaway, Mrs. Albert M. Sutton and Mrs. Frank Brigham.

PLAY FIVE HUNDRED. Mrs. George Steele Lackie and her sister, Miss Elizabeth Scupham, entertained a Five Hundred Club today at Mrs. Lackie's home on Telegraph avenue. Among the players were Mrs. Walter Gannon, Mrs. J. N. Pomeroy, the Misses Brickell, Miss Margaret Olcese, Mrs. Charles Morey, Mrs. George Lackie and Miss Elizabeth Scupham.

OAKLAND CLUB. The members of the Oakland Club and their guests enjoyed a delightful luncheon today at the attractive club quarters in Maple Hall. The color scheme chosen for the decoration was yellow and white, and an elaborate menu was served. A musical program followed, including songs by Mrs. F. E. Brooks and by Mrs. Nichol, with a violin obligato. Miss Lucia Oliver gave a dramatic reading. The luncheon was in charge of Mrs. W. D. Smith, assisted by the following ladies: Miss Grace Trevor, Miss Lillian Swales, Mrs. H. L. Whitehead, Mrs. O. C. Voss, Mrs. M. L. Broadwell, Miss Bessie Wood, Mrs. P. R. Stewart and Mrs. Egbert Stone.

IS THE SOUL MORTAL? AND DOES IT DIE WITH THE BODY?

RICHMOND, Va., April 26.—That the soul is mortal and dies with the body is the inference that many have drawn from a recent lecture to his class at the Medical College of Virginia, delivered by State Chemist William H. Taylor. In his discourse Dr. Taylor said: "This, then, is the lesson we have learned: That the phenomena to which we give the name of soul are inextricably connected with the physiological functions of the brain, and that they had their origin in the far-off inorganic world, and were inherent, actually or potentially, in inorganic matter. "Thus, as we read the record, has begun and proceeded through untold ages the majestic march, which, starting from the dust of the earth, at length presents the vertebrate, the mammal, the ape, the body and the soul of man. "All along our instructor has been Nature herself. We feel that we have been docile and earnestly attentive pupils, and yet, in presence of the stupendous outcome, confronting us we are daunted by a misgiving that, inapt and incapable, we may not after all

have understood her teaching aright. "It is a famous saying of long ago that 'Where there are three doctors there are two athletes.' "Those who see many dead animal bodies, and especially those who cut them up, as surgeons and butchers do, are driven irresistibly to the conclusion if they can think that in the matter of soul there is no apparent difference between a dead man and a dead dog. "The scalpel, the microscope, the test tube, assiduously, skillfully and thoughtfully used, have no cognisance—through anatomy, physiology, embryology, chemistry and other departments of medicine—of such a thing as an independent superphysical entity such as the soul in the common understanding of it. "If as medical men occupying a purely medical point of view we seek to explain these variations and changes, we do not hesitate to assign their cause to some correlated variation or change in the bodily conditions, and we feel amply authorized to assign the controlling conditions to a specific portion of the body, namely, to the brain, an organ whose functions, while of so exalted a character

that we speak of a certain phase of them as soul, are yet dependent on the same physical and chemical actions as occasion the contractibility of muscles. We might now be inclined to feel that the matter, so far as we are able to handle it, is disposed of, had we not been taught by the results of the extraordinary outburst of scientific effort during the nineteenth century that man is not an isolated being; that so far from occupying the exalted position of a unique creation, he is connected with all creation, animate and inanimate, in a manner and to an extent which was not dreamed of by our not very remote predecessors." Dr. Taylor sketched the theories of the evolutionary school of scientific thought, and urged it in support of his proposition that the soul is a material though exalted bodily function, and dies with the brain, in which, in his opinion, it resides. In answer to criticisms of his position, Dr. Taylor said: "I am entirely willing to bear any censure that may come upon me for presenting facts, however unwelcome they may be, which are acknowledged as facts by all scientific men."

funny songs and selections. The Women's Alliance brought the program to a close with a humorous sketch entitled "The Lady-helps," Mrs. D. McNicol, Mrs. H. L. Courtian, Mrs. F. M. Tillson and Miss Addie Gorrell, the comedy characters in their impersonations of the German, Swedish, Irish and French nationalities, were side-splitting, and Miss Gorrell's French and gestures were good. Mesdames F. W. Cushing, N. C. Kendall, A. W. Terrill, F. H. Barnes and Miss K. Potter completed the cast of ladies, and last, but not least, appeared Mr. Will H. Gorrell. To the committee is due much of the success of the evening. Mr. A. H. Elliott, Mr. George S. Meredith and Mr. E. Fritsch, were the energetic workers.

VISITING HERE. Mrs. Frederick Crowell, with her little son, are the guests of Mrs. Charles Cotton at her home on Merrimac street. Mrs. Crowell was formerly Miss Wasson, and has a host of friends here. Mrs. Nora Ryle and her daughter have returned from a delightful stay at Carmel-by-the-Sea.

CHURCH WEDDING. The marriage of James J. Gillick and Miss Margaret Curran will take place this evening at the Church of the Immaculate Conception, Rev. Father Dempsey officiating. The bride will be attended by Miss Lillian Kelly, while William Gillick will act as best man. The bride and her attendant will both be gown in white. The wedding will be an elaborate affair, and about 200 guests will attend the ceremony at the church. There will be an informal reception for relatives at the home of the bride's parents. Mr. Gillick and his bride are well known here, and after a honeymoon will make their home in Berkeley.

ELABORATE LUNCHEON. Miss Florence White entertained today at one of the prettiest luncheons of the season planned for Miss Marion Smith. The table was an exquisite study in pink and green. A unique basket center-piece held a graceful bunch of pink and green carnations, and the pretty scene was lighted with fifty pink and green candles. The name-cards were tiny cupid with the proverbial heart and arrow, and were very dainty souvenirs. Covers were laid for Miss Smith, Miss Marion Goodfellow, Miss Anita

MAXINE ELLIOTT IS PRAISED BY CRITICS

LONDON, April 25.—The critics in the morning papers almost with one voice praise the great advance Maxine Elliott has made in her art since she was last here, and although they good-humoredly criticize Mr. Fitch's method, they concede that "Her Own Way," produced here for the first time, is the best play of his yet seen in London and is calculated to be a great success. The Daily Telegraph dilates on the range and variety of Miss Elliott's art, and says: "She was always beautiful and is beautiful still, but now possesses an ease of manner, charm of action and a convincing power of making her effects."

IS MARRIAGE A FAILURE?

NO! ASSERTS MAN WED 65 YEARS AGO AND HAS NEVER QUARRELED WITH HIS WIFE

NEWARK, N. J., April 26.—That marriage is not a failure is the unalterable belief of Mr. and Mrs. Abel Bond Davis of Shiloh. It was just about sixty-five years ago that they were married, and in that time they have never had a quarrel of any kind. "Marriage," said Mr. Davis the other day, "is not a failure and it never ought to be. I have been married sixty-five years and in that time my wife and I have never exchanged a cross word. Now I do not say that to convey the impression that we are angels. Strange as it may seem, we are not. "We are simple human beings like the rest of the people in this world, and we do not pretend to be any better than anyone else. If we have gone along all these years without a cross word or a quarrel it has been because we did not expect too much of each other. "We have always recognized the fact that each had inalienable rights, and the question as to which of us was the boss was never even considered. Why should there be a boss? If there must be one, why should there not be two? The trouble with the newly wedded ones of today is that they expect too much of each other. "As soon as the glamor of courtship

is worn off they begin to make unreasonable demands and then because these are not granted they pout and sulk and then comes the quarrel that can never be forgotten no matter how soon it may be forgiven. "If I were asked what was the best advice to give to a newly married couple I would say there if is never a 'first quarrel' shun it as you would poison, and give up everything rather than be a party to it. "It is the first quarrel or the first cross word that wrecks the married life of hundreds of men and women. It is the rift in the lute—the entering wedge for discord. If there is never a 'first quarrel' there never will be any trouble. In business each worker does his part. Why should not the same rule hold good in matrimony? "The husband should be the bread winner and the wife should keep the house. They should work shoulder to shoulder for their mutual good. They should not only forgive each other's faults; they ought never to see them; they ought to be blind to them. "If every man and every woman would remember that no one is perfect, and that each of us has faults that might be criticised, he or she would be more careful about 'throwing stones.' "

WEALTHY WOMAN, AGED 60 YEARS, MARRIES COACHMAN AGED 18 YEARS

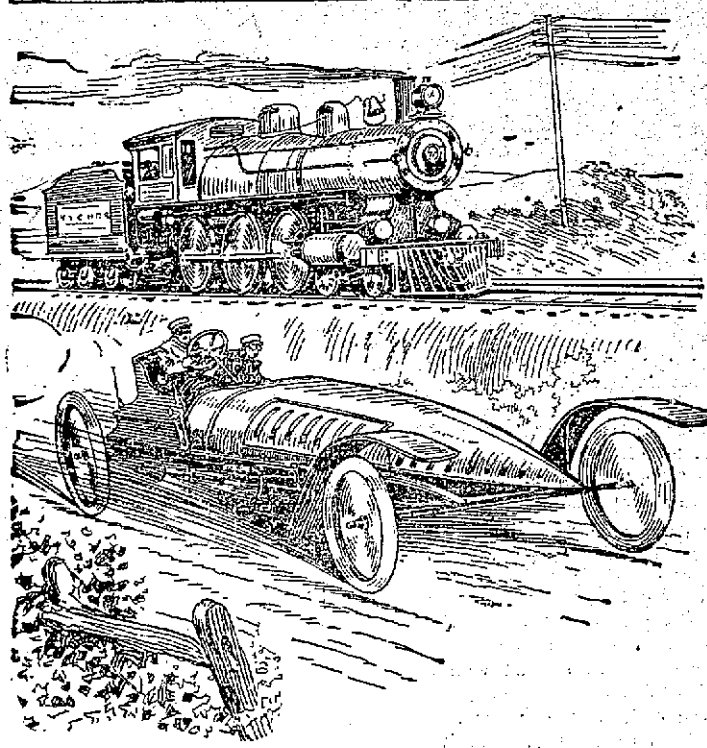

PHILADELPHIA, April 25.—Bride aged 60, bridegroom aged 18. Bride worth \$1,000,000, bridegroom Her penniless coachman. These were the principals in a romantic marriage here. The widow of N. O. Griffin, a Philadelphia merchant, leaning on the arm of her young coachman, appeared at the Episcopal rectory yesterday afternoon and told Rev. Mr. Elliott that they wanted to be married. The forty-two years difference in their ages was so apparent that the clergyman used every effort to dissuade them. It was of no avail, however, and the only answer the woman would make was: "I don't care if Johnny is only 18. I am 60 and I guess I am old enough to know whether I love him or not." Finally the minister gave in and the wealthy widow became the wife of John Wood.

FOUR ENGAGEMENTS IN ONE FAMILY

NEW YORK, April 24.—Four engagements in the family of James N. Norris, commodore of the Knickerbocker Yacht Club, and a prominent and wealthy resident of Brooklyn, were announced unanimously today, and before snow flies there will be four weddings in the Norris household. First came Elizabeth P. Norris. She told her father and mother that she was engaged to Frederick L. Kramer, a young New York broker. She was followed shortly by Miss Carolyn Norris, who slipped timidly in as her sister was departing and whispered the news that she had promised to marry Walter R. Hill, a young wood dealer of Brooklyn. Close upon her heels came proudly William H. Norris, the son and heir, with the tidings that he was the accepted suitor of Miss Ethna Green of California. And last of all, Sydney G. Norris, a nephew of the Norrises, dropped in to tell his uncle, aunt and cousins that he was going to marry Miss Florrie Flaxby, a pretty young English girl, who is now on the high seas on her way to America.

WOMEN WANT HER RELEASED FROM JAIL

LINCOLN, Neb., April 26.—Believing that Mrs. Lena Margaret Lili has been unjustly condemned to life imprisonment for the murder of her husband, her friends are planning a series of petitions which will be circulated among the members of the women's clubs in all parts of the United States asking for her release.

THE BIG RACE.

Human Lives Are Sacrificed.

At this time of the year many automobile experts are looking ahead to a final test between the automobile and the locomotive. Already the automobile has made faster time than any locomotive, but there is danger ahead for all concerned in such races. This season of the year reminds us that we are all more or less in a race for life in which death overtakes many who are run down and in a weakened condition, ready to take up with the germs of grip, pneumonia, spring fever, later typhoid and the many weaknesses which often end with consumption and the grave. A reliable tonic is what is needed, something which will put the machinery of the body in strong, vigorous action.

Gold Seal (Hydrastis Canadensis), Queen's root (Siliqua Erythraea), Stone root (Celtis occidentalis), Cherrybark (Prunus Virginiana), Bloodroot (Sanguinaria Canadensis), Mandrake (Podophyllum Peltatum). For over a third of a century this tonic and alterative has been more largely sold than any other blood medicine or nerve tonic. Being made without alcohol, this "Medical Discovery" does not shrink up the red blood corpuscles, but on the other hand it increases their number and they become round and healthy. It helps the stomach to assimilate or take up the proper elements from the food, thereby helping digestion and curing dyspepsia, heartburn and many uncomfortable symptoms, such as heart-palpitation due to gas formed in the stomach. It is especially adapted in diseases attended with excessive tissue waste, especially in convalescence from the various spring fevers, whether of a malarial or typhoid character. As a tonic and reconstructive during and after the influence of grip it will prove of particular value. It has been extensively used as a remedial agent in the treatment of a rheumatic attack.

Mrs. Gertrude Vandenberg, of 961 College Avenue, Appleton, Wis., says: "I had always enjoyed the best of health until last summer when I had scarlet fever, the effects of which seemed to remain, causing defective hearing; my strength did not return, and I felt acute temple pains, and exhaustion, also I would perspire freely if I made the slightest physical exertion. The doctor did everything he could to drive the humor out of my system, but was unable to do me any good. I began to take Dr. Pierce's Golden Medical Discovery, and soon found it was helping me slowly but surely. I took it for twelve weeks, when I was restored to perfect health, my appetite is excellent, my complexion much improved, and I am able to attend to my duties with renewed vigor and strength. I heartily recommend your 'Golden Medical Discovery' as a wonderful 'strength-giver'."

Dr. Pierce's Pleasant Pellets regulate the liver, stomach and bowels.

MERCHANTS PLAN FOR MANY IMPROVEMENTS.

Great Scenic Road in the Hills—Want Wharves on the Tidal Canal.

The Merchants' Exchange, which recently took up the investigation of the feasibility of the use of the Alameda Tidal Canal for commercial purposes, is now arranging for a conference between representatives of its organization and the Board of Trade on the one hand and the representatives of the United States government on the other. It is hoped by this means to get the government authorities to consent to the proposed move.

At the meeting of the Exchange last night the following communication was read from Secretary Stearns of the Board of Trade:

"Relative to the matter of a committee of the Merchants' Exchange conferring with a like committee of the Oakland Board of Trade, of which you are a member, and the Tidal Canal, would report that, at a meeting of the Board of Directors of the Oakland Board of Trade, held last evening, the matter was discussed at considerable length. This action was taken as the Harbor and Water Front Committee for the ensuing year will not be appointed until that time."

Secretary Walker of the Exchange explained that the Exchange committee considered it advisable to hold a conference with a committee from the Board of Trade, and with General Pennington, in order to get the Board of Trade and the government in regard to the opening of the canal to commerce. An effort would also be made, Mr. Walker said, to have Colonel Heuser, the government engineer in charge of the harbor improvement, present at the conference.

The time of the conference will be fixed later.

It is possible that the Merchants' Exchange will secure larger quarters in the new brick building being erected by Messrs. Robert Daisel and H. G. Williams on Thirteenth street, between Broadway and Franklin. The matter was discussed at the meeting of the Exchange last evening and was finally left to a special committee to decide.

D. C. Brown, chairman of the committee, remarked that the proposed quarters in the Thirteenth street building seemed satisfactory, and he had also inspected some rooms in the old Y. M. C. A. building at Twelfth and Clay streets, now belonging to the city, which he thought would make first-class quarters for the Exchange.

Secretary Walker spoke in regard to the Thirteenth street rooms which could be thrown together. The Exchange would also use the use of a lodge room in the same building for banquet purposes, etc., by giving notice in due time. The rent to be charged was \$50 per month.

Directors Young and R. M. Briare spoke in favor of leaving it to the committee to decide whether or not the rooms in question should be secured.

Director W. H. Wellby said that in speaking with Mr. Williams over the telephone, the latter had led him to believe that the proposition to lease the rooms to the Exchange was going to be withdrawn. He advocated the matter, a definite proposition should be presented. He felt very kindly towards Mr. Williams, and would like to accept his proposition if it was put in definite shape.

Director Fred Sinclair favored having the Exchange instruct the committee to go ahead and make arrangements to secure the rooms, and if it was necessary to have the matter settled soon.

Mr. Briare moved that the matter be left entirely to the committee, as he considered the members of the committee competent to settle the question.

Director G. W. Arper asked if there would be room for the Portland exhibit in the proposed quarters.

Mr. Wellby replied to this that it would be better for members of the Exchange to inspect the rooms for themselves. He said, however, that there was one room where the exhibit might be placed.

Director J. F. W. Sohst moved that the committee be enlarged by the addition of Messrs. Fred Sinclair, E. A. Young, F. M. Farwell, Secretary Walker and Vice President Schluter. The motion was carried.

The previous motion made by Mr. Briare giving the committee power to decide whether or not to take the Thirteenth street rooms was also carried.

SCENIC ROAD.

The project of constructing a scenic road connecting the so-called tunnel road to Contra Costa county with the Town Hill road, so that people could drive up and enjoy the fine view without having to turn around on the grade, was discussed at the meeting of the Merchants' Exchange last evening. This proposition has been advanced before, but not definitely acted upon. It was brought up last evening in connection with the report of the special committee appointed to investigate the matter of the Exchange purchasing a piece of ground near the Alameda end of the tunnel where people could stop and enjoy the fine view.

When the report of the special committee was called for by Director W. H. Wellby, for the committee, stated that they had made considerable enquiries, and would have to ask for more time. He remarked incidentally that on the way up to the tunnel the committee had discovered that the town of Berkeley was putting a concrete bridge in to replace the wooden bridge, which had been built by the Exchange when Berkeley was too poor to pay for the structure.

Director D. C. Brown, who was in the party which inspected the road leading to the tunnel, told of the fine view which could be obtained from the road and from the hills adjacent to it.

Director J. I. Wilson endorsed the project of securing a plot near the tunnel where the beautiful scenery could be enjoyed. He advocated continuing the tunnel road so as to form a junction with the so-called Town Hill road, saying that this would be the greatest scenic road in the country.

Secretary Walker said that this proposed road had been staked out. He believed if the Exchange should appoint a committee to interview the Realty Syndicate and present the matter in the proper way the Syndicate could be induced to build the road, as it would be entirely within the holdings of that organization.

Director Wellby said that the committee had planned to have a trail cleared along the course of the proposed road, so that people could go on foot and enjoy the view until the road itself was built. The speaker added that the committee had already arranged to interview the Realty Syndicate about the building of the road.

Director J. F. W. Sohst declared that the proposed road could be built for \$5,000, and he maintained that the 12-mile drive at Monterey would not be "in the least" as good as this proposed drive for beautiful scenery.

The matter was left in the hands of the committee, which was granted more time in which to report.

The Hospital

Thankful are They Who Escape The Surgeon's Knife

Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—often times they are not.

It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is

Lydia E. Pinkham's Vegetable Compound

Do not consent to an operation which may mean death, until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and womb. The doctors said to get well I must have an operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains around my womb which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.

MRS. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every city and town in the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

WIRES WILL BE PLACED UNDER GROUND.

Managers of Corporations Agree to Carry Out Suggestions of Mayor and Council Committee.

At a meeting of the Council Committee on Underground Wires, Mayor Mott and the various representatives of the electric companies in this city held yesterday afternoon in the Mayor's office it was agreed by all parties that the overhead wires at least in the fire limits should be put underground.

The work will commence just as soon as an ordinance authorizing the wires to be placed underground can be passed through the Council.

Those present at the conference which ended so well were Mayor Mott, John A. Britton, representing the Oakland Gas, Light and Heat Company; F. James, superintendent of the Western Union Telegraph Company; William Hearn, representing the Postal Telegraph Company; Manager Ellis and Superintendent Halsey of the Sunset Telephone Company; G. R. Babcock of the police fire alarm and telegraph system, Councilmen Meese and Donaldson, City Attorney McElroy and City Engineer Turner.

The ordinance which is to be drawn authorizing the work to be done will probably provide two years' time for the wires to be played underground. It will require about forty days to have the ordinance finally passed. All of the companies represented agreed, however, to

commence work at once, and it is probable that the wires will all be underground in the business portion of the city before the two years have expired.

SWEET PEA GIRL AGAIN IN TROUBLE

SEATTLE, Wash., April 26.—A special dispatch from Fairbanks, Alaska, states that Rosalind H. Bechtel has brought suit against John G. Bechtel for \$50,000 because the latter caused his son, who is the woman's husband, to leave for parts unknown.

The young man's name is Charles W. Bechtel. He married the woman—who is none other than Rosalind Bowen, the famous "sweet pea" girl of the Durrant case—in December of last year. Young Bechtel owns an interest in No. 5 Clara creek, which is valued at \$75,000.

A short time ago the senior Bechtel arrived in Fairbanks from Dawson and succeeded in getting his son to deed him his interest in the claim and then disappeared.

ENGINE SMASHES WAGON

HORSE DRAGS DRIVER FROM UNDER THE WHEELS OF LOCOMOTIVE.

POINT RICHMOND, April 25.—Charles Moore and his express wagon collided with a switch engine yesterday afternoon, and both he and the wagon went down in the first round and took the full count. The wagon is beyond repair and the owner demanded the attention of a physician for an hour or more, but finally was sent home with the comforting assurance that he would be about again in a few days. But for the fortunate circumstances that one of his wrists became entangled in the lines, Moore would have been crushed under the massive wheels. The horse, in getting out of the way of the engine, dragged him off the track, thus saving his life.

SURPRISE FAMILIES.

Charles N. Ashor and Miss Mabel Eck, both of this city, the latter being the daughter of the late John F. Eck, Allen, were married in Oakland Sunday and are now enjoying a quiet honeymoon in San Francisco. Both parties took their parents and friends by surprise.

KNOCKED OFF CAR.

Elmer Meyers, son of Engineer William Meyers, met with a painful accident Sunday afternoon while riding on a street car out to the ball game. He was standing on the lower step of the car when he was struck by a post standing near the track. The lad was knocked off the car and received some bad bruises about the head and face.

WONT PAY FOR HOLE.

Frank DeHitt has brought suit for \$75 against T. Brown and Carl Campbell and yesterday attached lots 16 and 17 in block 55, city of Richmond. The cause of the suit is as follows: DeHitt owned a well on the line of these lots, one belonging to Brown, the other to Campbell. He went down to get water, but struck something very unusual. Because he got no water, the defendants refuse to pay.

The merits of the case will be tried before Judge Matterson to-morrow.

BRIEFLETS.

S. E. Pope, a civil engineer of San Francisco, was out in the South meadow yesterday with a transit and crew of men running lines for some sort of improvement, the nature of which Mr. Pope would not say. He was carrying off a lot of artificial fish ponds.

Miss Smallwood has let a contract to T. B. Baker for a two-story business house on Macdonald avenue and First street, to be finished in sixty days.

PERSONAL MENTION.

Mrs. R. A. Reed, a sister of Mrs. A. C. Austin, arrived Sunday evening from Dublin and will doubtless remain here permanently. Mrs. Reed's husband is expected to join her in a week or two when he settles up some business affairs at their former home.

Mrs. A. A. Reynolds are repairing and renovating their boarding-house out on Antonio avenue, and when the work is completed they will probably rent it to some good people who are desirous of embarking in a lucrative business.

Mrs. V. A. Fenner left for Woodland this morning, where she will visit for several weeks with her parents.

W. B. Fenwick and wife will move to San Francisco this week.

Mrs. C. B. Evans is reported as improving, but quite slowly.

Woodmen of the World, has returned from the Great Camp at Los Angeles, where they won the second prize in a drill team competition, in which some of the best equipped Woodmen Camps of the coast were represented. A number of the members of the team are enlisted men in Company A, N. G. C. of this city. The captain of the team is E. G. Hunt, commander of a Company.

Business Men Go East

Over the Pennsylvania Route because of the excellent facilities offered from either Chicago, St. Louis or Cincinnati, through Pittsburgh, to Baltimore, Washington, Philadelphia and New York. Correspond with H. A. Buck, General Agent of Pennsylvania Lines, at 621 Market street, San Francisco, for details.

SALE IN BANKRUPTCY.

Frank A. Leach, trustee of the Bankrupt Estate of William Roberts, advertises for bids for 5 1/2 acres of the western part of the Roberts Homestead, San Lorenzo.

This piece of land is in the richest and most productive section of Alameda county. It has a frontage of 289.75 feet on the County Road, and runs back some 500 feet to the San Lorenzo Creek.

Bids will be received by the Trustee up to 11 a. m. April 29th, at the office of Cary Howard, attorney, Blake & Moffitt Building, Oakland.

Bids must be accompanied by a certified check, for at least ten per cent of the amount of the bidder's offer. The right to reject any or all bids is reserved.

Hartshorn Shade Rollers.

A prominent resident in New York ordered Hartshorn Shade Rollers. Subsequently, pulling down a shade so as to expose the roller, he looked on the label for the signature of STEWART HARTSHORN. It was not there. He thereupon ordered every shade roller taken down and replaced with the genuine Hartshorn, and withdrew further patronage from the store that had deceived him. Look for the signature of STEWART HARTSHORN on every roller. It is there for your protection.

ENGINE SMASHES WAGON

HORSE DRAGS DRIVER FROM UNDER THE WHEELS OF LOCOMOTIVE.

POINT RICHMOND, April 25.—Charles Moore and his express wagon collided with a switch engine yesterday afternoon, and both he and the wagon went down in the first round and took the full count. The wagon is beyond repair and the owner demanded the attention of a physician for an hour or more, but finally was sent home with the comforting assurance that he would be about again in a few days. But for the fortunate circumstances that one of his wrists became entangled in the lines, Moore would have been crushed under the massive wheels. The horse, in getting out of the way of the engine, dragged him off the track, thus saving his life.

SURPRISE FAMILIES.

Charles N. Ashor and Miss Mabel Eck, both of this city, the latter being the daughter of the late John F. Eck, Allen, were married in Oakland Sunday and are now enjoying a quiet honeymoon in San Francisco. Both parties took their parents and friends by surprise.

KNOCKED OFF CAR.

Elmer Meyers, son of Engineer William Meyers, met with a painful accident Sunday afternoon while riding on a street car out to the ball game. He was standing on the lower step of the car when he was struck by a post standing near the track. The lad was knocked off the car and received some bad bruises about the head and face.

WONT PAY FOR HOLE.

Frank DeHitt has brought suit for \$75 against T. Brown and Carl Campbell and yesterday attached lots 16 and 17 in block 55, city of Richmond. The cause of the suit is as follows: DeHitt owned a well on the line of these lots, one belonging to Brown, the other to Campbell. He went down to get water, but struck something very unusual. Because he got no water, the defendants refuse to pay.

This Little Brown Man
Throws American
Curves.

STANFORD UNIVERSITY, April 26.—The Japanese team of ball tossers from Waseda University, who will play Stanford's Varsity nine next Saturday, seem to have entirely recovered from the effects of their long trip and have got down to scientific ball-throwing. When the much heralded team of brown men first arrived on the cardinal grounds the crowd of student fans were disappointed at their showing. Errors were frequent and throws were wild. But all this seems to have been the natural result of the long sea trip, for now the Jap fielders are scurrying over the ground making the most scientific kinds of stops and throws. They begin the daily practice at noon and work until 3 o'clock in the afternoon, going through both batting and fielding work.

A. Kono, the diminutive Jap pitcher, is a source of continual wonder to the Stanford players. It seems strange that a man with an arm that measures only twenty-four inches in length could attain great speed, but Kono has accomplished this. He has a shoulder ball that is likely to puzzle the cardinal batsmen. Kono throws curves, taught him by an American graduate who is a professor in Japan.

The little brown men can hit straight balls. Straight balls are all that have been thrown at them so far, and it is impossible to tell what they will be able to do against the deceptive curves. Shisheuchi, the right fielder, is the premier-hitter of the team. At practice this morning he got fourteen hits out of twenty balls that were thrown at him, and the fielders robbed him several times of that. The rest of the team connect squarely, sending liners just over the heads of the fielders. In a second game at Recreation Park, San Francisco, on Mayday.

GENTLEMEN TO
HAVE 'LEG
UP'

An extremely interesting card is being arranged for next Saturday—Fabiola Day—at the local track. The feature event will be the gentlemen's race, the winner to receive a silver cup. Several riders of this city will take mounts and two or three members of the Polo and Pony Racing Association will have the leg up.

Here are the results on the local track yesterday:

First race—Four and a half furlongs. Legal Form 9 1-2 won; Ares-tailor 7 second; Tony Girl 25 third. The other starters were Santes, Patton, John C. Grouse, Search Me, Dandergous Girl, Miss Spokane, Kishbrook, Tenderloin, My Pal, Bill Perry, Scattered, Captain Burnett. Time, 1:55 1-4.

Second race—Six furlongs: Sun Mark 10 won; Lilly Golding 20 second; Robert Mitchell 2-5 third. The other starters were Correll, Ross-bourne, Yellow Kid, Chestnut, George W. Tuthill, Glid, Bill Mackey. Time, 1:14 1-4.

Third race—Seven furlongs: My Surprise, 3/4 won; Marello 5 second; Tooth 7 1/2 third. The other starters were Silurian, San Lutan, Penwell, Walkins, Overton, Foxy Queen, Oscar Toile, Pure Dais, Young Pepper, Suffer, Doterrell. Time, 1:28.

Fourth race—Five and a half furlongs: Toto Gratiot 9 won; Revalt 9 second; Olympian 8 third. The other starters were Emma Renbold, Elrod, Sallie Beach, Royal White, Madden, Scatched, Doubtlet, Cloche D'Or. Time, 1:08.

Fifth race—One hundred and seventy yards: Cortillo 5 won; Golden Ivy 4 second; Escherin 8-5 third. The other starters were Homebred, Macene, Everly, Prince Palatine, Golden Light, Scatched, Eleven Belis, Sincerity Queen, Distributor, Suburban, Egan and Spondoolix. Time, 1:46.

Sixth race—One mile: Gorgaletha 10 won; High Chancellor 1 second; St. George Jr. 3 third. The other starters were Delagoa, Orchan, Gateway, Briarthorpe.

GRAND JURY
PREVENTS
FIGHTS.

The fights which were to have been under the auspices of the Hawthorne Athletic Club, last evening in Woodward's Pavilion, San Francisco, were indefinitely postponed.

The crowd was given admittance to the Pavilion and then it was announced from the ring that there was nothing doing.

The fights were prevented through the action of the grand jury which had at the pavilion to arrest the fighters as soon as they entered the ring.

Al Young, president of the Hawthorne club, asserts that his organization is a legitimate one and should be allowed to hold amateur contests.

TRAINING DAILY

Members of the Oakland Wheelmen are daily training for the big 100-mile relay race which will be participated in by the various cycling clubs about the bay.

The race is to be held under the auspices of the California Associated Cyclists, and will be the banner event of the year with bicycle fans.

According to past performances the fast riders wearing the emblem of the Oakland Wheelmen figure well with the teams on the other side of the bay and the local organization is very confident of securing the silver trophy and honor of winning the long-distance race.

JIMMY DUFFY
SAYS, SEZ HE:

"You see, it was this way," said Jimmy Duffy, as he rolled some tobacco dust in a crumpled brown paper and mechanically moistened the edge of the paper on the tip of his tongue. "You see, all the pikers had ready-made hunches and there wasn't a look-in for the legitimate."

"It's hot; let it drop," suggested Doc Canty, gently, "what's your vision, anyway?"

"I was talking about Mischief," said Duffy, sadly.

"Well!" "Well!" said Duffy, testily. "You know what Mischief did to me. He didn't do a thing. Only he caused more mischief with the bunch when he ran at Emeryville Monday than Sam Hammer could do in a crockery shop with 'all sails set. Do you hear what Sam did to Dud Suesel the other day? No? Ask Sam."

"But that's digressing, as Dan Denahy used to say when somebody interrupted him in the middle of a story and asked about the time he took the count. Ever hear about that? I'll tell you some day."

"Fellow named Stuart did a turn that's kept Dan guessing ever since. Every time he sees an advertising man he begins sidestepping like a horse waiting for the barrier to lift."

"All this, of course, has nothing to do with the Mischief I started to tell you about—the horse that ran Monday. Mister Billy and I went out to the track and got the early morning dope. It was Mischief for fair. When the crowd reached the track, we let the information trickle through it—that is, we gave it to the bunch, low down. Pretty soon a fellow with sore eyes and a piece of crystal as big as a beer glass came along and accosted me."

"Hello," said the fellow.

"Being naturally quick at repartee, I came right back at him."

"Hello," I said.

"What do you like," said the fellow under his breath, growing sort of sociable.

"Mischief," I replied.

"He of the granulated lids and amber-hued breath sauntered away, careless-like, but he was back before I had time to pipe my dope sheet."

"You're in wrong," he said. "Your dope's mildewed."

"Why?" I asked.

"There's only one pony in the gallop," he replied, "and that's Hi Caul Cap. I've got it from the bottom of the heap, way down in the pit."

"I didn't know whether he was trying to Cassie me, or not, but the soulful twinkle in his lamps gave me a hunch that he was in the right coach. I looked up Mister Billy and he had changed his brand, too. That decided me. I put forty plunks on Hi Caul Cap, straight and show. Mister Billy came through with two double birds straight and a petro for place. We had a quarter left between us, so we went and got a drink. Then we strolled out to the fence to watch the race. We wanted to rest a bit before cashing the coupons."

"Did Hi Caul Cap win?" asked the Doctor, anxiously.

Duffy looked at his friend reproachfully as he replied:

"Me and Mister Billy did the hot foot home."

A motion was made by A. W. Harrison, of Portland, that the Congress be organized entirely separate and independent of the American Bowling Congress. W. S. Zehring, of Salt Lake, amended the motion to the effect that the present rules and regulations of the American Bowling Congress, which are older and longer tested, be adopted by the business meeting to follow.

This leaves the Western bowlers to decide at the business meeting tomorrow whether they will adopt the new rules of the American Bowling Congress relative to the weight of the ball and the square gutter.

There is much opposition manifest to the new American Congress ruling and it is probable that it will not be accepted by the Western Congress.

WESTERN BOWLING
CONGRESS IS FORMED.

SPOKANE, Wash., April 26.—Twenty-five delegates, representing five cities of the Pacific Northwest, Portland, Seattle, Tacoma, Salt Lake and Spokane, have organized the Western Bowling Congress.

**AMERICAN JOCKEY
PILOTS A WINNER**

LONDON, April 26.—The City and Suburban handicap of 2,000 sovereigns was run at Epsom today and was won by Pharisee. Ambition was second and Dean Swift third. Nineteen horses started. Pharisee, ridden by Maher, the American jockey, started the favorite in the betting at 11 to 2 against, with Ambition 20 to 1 against, and Dean Swift 100 to 14 against.

FIREMEN LOSE
GAME AT
TRACY.

TRACY, April 26.—The Firemen team of Oakland was defeated by Tracy Sunday on the local diamond, to the tune of 8 to 0. The result was a genuine surprise to all. The Tracy boys themselves realizing that they were going against a heavy team, put their best efforts forth to accomplish the result.

Prior to the game the public seemed to fear that Tracy was going to lose, and it may be possible the Firemen were over-confident in themselves, for this reason.

The game was called at 2:15 p. m. and started off with a rush. Tracy secured one run the first inning, against none for the visitors. Then it was Oakland realized they had no easy task.

In the second inning Tracy made five runs, also adding another in the third. The fourth, fifth and sixth were about equal, neither side scoring. In the seventh Ollie Lee drove a fly over third and made a home run, running the score up to eight.

The Oakland team put up a good game, but Lewis' pitching was too much for them.

The game was fast, from start to finish, and at no time did the Oaklanders get a man on third base.

A strong west wind was blowing during the game and made it difficult for both sides.

Tom Driscoll acted as umpire. The game was played in one hour and twenty minutes.

TENNIS CHAMPION
MAY NOT COMPETE

NEW YORK, April 26.—Beals C. Wright of Boston, the champion doubles lawn tennis player and partner of Holcombe Ward, may not, according to the Times, compete on the American challenging team in England for the Dwight F. Davis international cup, now held by the Britons.

The conditions which make it necessary to leave Wright at home hinge upon changes in the rules governing the competitions for the cup, which the English Lawn Tennis Association has formulated.

Many cable messages have passed between this country and London during the last few days, these supplementing letters that had gone before.

All of this correspondence had direct bearing upon the point as to whether or not it would be to the advantage of the Americans to play a four-man team. The four men had already been selected by the committee, and the quartet included Holcombe Ward, the national champion in the singles; William A. Larned, the ex-champion in the doubles; and the quartet was ranked second on last season's play, while Larned was ranked third, and Beals C. Wright.

The latter's place on the team was a partner to Ward for the doubles against the leading pairs of the five challenging nations—Belgium, France, Austria, Australia—and in the challenging matches with the Englishmen, if the Americans were successful in winning their way through the preliminary series. Replies from the English association have not yet settled the point, but a conclusion is expected before the end of the week.

The American team will sail about June 15th.

GIRLS WILL CONTEST
IN A FIELD DAY

SAN JOSE, April 26.—The young ladies of the San Jose State Normal School will hold an interclass field day during May. The event will be between the Juniors and Seniors and tomorrow afternoon both classes will meet and select their teams. Miss Violet Brown is mentioned as captain of the Juniors and select Maude Chase is seeking the same honor among the Seniors. All the regular events of a field day will be gone through with, including high and broad jump hurdles, distances, pole vault, shot put, hammer throw, high and broad jump hurdles, and the relay. This will be the first field day ever held by young lady students on the coast.

JOCKEY FULLER HAS
FRACTURED KNEE CAP.

NEW YORK, April 26.—Grover Cleveland Fuller of Chicago, the jockey who was thrown from his mount at the finish of the Excelesior handicap, is said to have sustained a fractured knee cap. He is at the Jamaica Hospital and probably will not be able to walk for several weeks.

FIELD-DAY IS
CONTINUED
A WEEK.

BERKELEY, April 26.—The field day of the Pacific Athletic Association, which was scheduled to take place on next Saturday afternoon, has been postponed until Saturday afternoon, May 6th, a week later. At that time, on the Berkeley cinder path, will be held a big contest, greater, if anything than the recent intercollegiate field day between California and Stanford.

PRETTY SCENES
IN "THELMA"

The beautiful scenic production of Marie Correll's widely read novel, "Thelma," at Ye Liberty Playhouse this week is meeting with well-deserved popularity with the patrons of that pretty theater. Never in its history has anything quite so elaborate as this particular spectacle and the third act in particular is especially beautiful.

It shows a mountain glen in the wilds of Norway and is said to be an exact reproduction of the Alfen Fjord. Miss Adele Block in the title role, is said to better advantage than in anything since "Mistph," which, by the way, will shortly be seen here again. Her Thelma is a womanly, lovable creature, with all of the warmth, spirit and fire of the wild, untamed creature of the north.

J. H. Gilmour makes a manly and likeable Sir Philip, and the others in the cast are better than the ordinary.

Scientifically the play is a treat and the splendid impersonations given the various roles makes a performance that should not be missed.

There will be the usual matinee on Saturday and Sunday and the final performance will be given on Sunday night. Next week Barney Bernard, supported by Bishop's comedy players, will be seen in the initial performance of "The Financier," by H. D. Cottrell.

Sugar Producing Vegetable Subject
of Bulletin By University Professor.

BERKELEY April 26—A bulletin to meet a demand for detailed information upon the principles of beet-sugar culture as practiced in the most successful beet-growing sections has just been put into circulation from the Agricultural Department of the University of California. The bulletin was prepared by G. W. Shaw, assistant professor of agricultural technology, contains an exhaustive account of the best methods to pursue in the raising of sugar beets, the adaptability of varieties, importance of good seed, the nature of soils in which the beet flourishes together with suggestions as to the best method of irrigation and care of the beet.

In part the bulletin is as follows: The sugar beet is a delicate, high-bred plant, and will respond very decidedly any neglect by immediately showing a reduction in tonnage sugar-content and purity. Hence the extreme importance of giving the most careful attention to details in growing the crop, details which with any other crop than an horticultural one would be considered of small consequence. While the industry is one requiring new and more intensive methods of

Principal James Reports Improvement in Work—S. D. Waterman Re-elected.

BERKELEY April 26—From present indications the one session plan, which has been on trial in the Berkeley High School for the past month will become a permanent feature of the local school department. Principal James of the High School reported to the Board of Education at its meeting last evening at the Town Hall that the plan was working well and that a decided improvement in work especially during the last two periods of the day was noted. He stated that he had sent out notices to the parents asking for their opinion as to whether the system should be discontinued or not and that he would receive them back in a day or two.

Professor Lewis stated that he understood at a recent meeting of the Town and Gown Club the matter of the one session was discussed and all present were unanimously in favor of it. They declared that it was a great improvement over the old system.

President W. K. Weir formally announced the various committees for the ensuing year as follows:

Finance—J. A. L. Knowles, Weir, Dr. E. L. Loring.

Supplies—A. T. Sutherland, Dr. W. Allen, Professor D. P. Lewis.

Salaries—Loring, Sutherland, W. J. Schmidt.

Schoolhouses and Site—Schmidt, Weir, Loring.

Course of Study—Lewis, Allen, Sutherland.

High School—Knowles, Weir, Lewis.

Rules—Weir, Knowles, Lewis.

PLANS FOR ADDITION ADOPTED

After considerable discussion the plans of Architect Stone of Stone & Smith for the four-roomed addition to be built on to the San Pablo avenue school was adopted by the Board. Mr. Stone drew the plans for the board for the school building proper and understood what was needed. Plans were submitted by Architects Fann and Wharf.

PRICE IS RATHER HIGH.

Dr. Knowles in behalf of the finance committee reported that the committee recommended that the owner of the three lots north of the present Whittier school property, aggregating 132 feet frontage on Lincoln street, should be offered for the land or that \$500 be paid for the small lot in the rear of the Murphy property recently purchased south of the Whittier.

The price \$500 was based on the area of the land and the valuation of the land around the report was adopted and the clerk was authorized to offer the proposed sum to the owners of the land.

WEDDING CARDS OUT
IN ALAMEDA.

Sub-League Baseball Game Will Be
Played Again—Pastor and
Bride Given a Reception.

ALAMEDA April 26—Weddings and announcements of engagements are following closely on Easter, while many entertainments are scheduled for the near future.

This evening two couples well known in Alameda will be united in marriage in a pretty home wedding. Miss Ethel M. Allen will become the bride of William I. Pixley of San Francisco. The ceremony will be performed by the two grandfathers of the bride, Rev. G. B. Allen and Rev. A. H. Allen, at the home of the bride's parents, 842 Cedar street.

Two little cousins of the bride, Ruth Prowe and Eleanor Prowe, will be attendants, while another little cousin, Basil Prowe, will act as ring-bearer.

The groom will be attended by his own brother, Henry Pixley, and E. R. Allen, brother of his bride.

After the ceremony a wedding repast will be served on the porch of the Allen home. The porch is over the bay affording a beautiful view, and is enclosed by vines, so that a more romantic spot in which to have a wedding repast could hardly be found.

The couple will take a short honeymoon tour, the course of travel being kept secret. On their return they will reside on Mason street in San Francisco where the groom is engaged in business.

Miss Allen is a daughter of Mr. and Mrs. E. A. Allen. Mr. Allen is in business in San Francisco. The young lady is a graduate of the Alameda High School and has a wide circle of friends here.

Another wedding that will occur tonight which is exciting great interest in the local society is that of Frank J. O'Brien and Miss Anne Fahy. Their nuptials will be celebrated at St. Joseph's Church this evening in the presence of a few friends.

Though the guest list will not be large the wedding will be quite elaborate in its appointments.

Both young people are well known here. Miss Fahy is a prominent worker in Branch No. 2 of the Catholic Ladies Aid and in the Gaelic League. She resides at 1308 High street.

Mr. O'Brien has lived for a great part of his life in Alameda and is now connected with the Contra Costa Water

Company in Oakland. He is highly esteemed by all his business associates.

BASEBALL GAME.

ALAMEDA April 26—It has been decided that the sub-league baseball game between the Alameda and Berkeley High School nines must be played over again. This game was played at Idora Park several weeks ago rain stopping the game in the fifth inning when Berkeley was in the lead. The Alamedans objected to the game being given the varsity town boys and their protest resulted in the postponing of the game. The date on which the next game will be played has not been set.

GIVEN A RECEPTION.

ALAMEDA April 26—The Rev. Christopher Ruess and his bride were tendered a reception in the parlors of the Unitarian Church Monday evening under the auspices of the ladies of Unit Circle. Rev. and Mrs. Ruess were married a short time ago and this reception furnished an opportunity for the members and friends of the church to make their acquaintance with the newly married couple. A light collation and a great many friends paid their respects to the couple. A light collation was served.

FUNERAL OF MRS. HUGHES.

ALAMEDA April 26—The funeral of Alice Pearl Hughes, wife of Dr. Walter R. Hughes, will be held from her late residence 1201 Park avenue at 10 o'clock Friday morning.

Mrs. Hughes was widely esteemed by Alamedans. She had made her home here for some years and had many friends to whom her death is a sad blow. She had been married but about three years.

PERSONALS.

ALAMEDA April 26—Mr. and Mrs. George Seaman of 2150 Santa Clara avenue will spend the summer at Shasta. They will leave Alameda shortly.

Miss Alice Sullivan, daughter of Mr. and Mrs. Sullivan, is the guest of Mrs. H. K. Laidlaw of 1201 Buena Vista avenue.

Mr. O'Brien has lived for a great part of his life in Alameda and is now connected with the Contra Costa Water

LODGE TO GIVE
BANQUET

MACCABEES OF HAYWARDS PLAN
TO ENTERTAIN—PERSONAL
NOTES.

HAYWARDS April 26—Preparations are being made by the local lodge of Macabees No. 24 for a big banquet on May 2d, at Luce's hall. There will be a meeting of the lodge next Monday evening to complete the arrangements. The committee is composed of Joe Silva, J. Gail, Thomas Gibson, A. A. Allen, and M. J. Beaumont.

Before the spread there is to be rendered a program of literary and musical numbers. There is considerable talent in the lodge and a good performance is assured.

After the supper, which is to be an elaborate one, a number of after dinner speeches and toasts will be made.

TO ENTERTAIN.

A new club, the Oriole, has been started in town, and is making arrangements for an entertainment to be given on Saturday, May 6th. It is planned to hold it in Native Sons' Hall, which the girls of the club are to decorate with green and blossoms. Invitations to the number of 150 have been sent to the friends of the members. At the affair there will be a dance and supper.

Among the foremost in getting up the entertainment are Misses Flossie Jessup, Emma Ubbott, Bertha May, Ruby Hatton, Hedwig Tychoon, Hazel Merzbach, George Meininger, Leo and Ed Haas, Andrew Deffenbach and Charles Pimental.

WOMAN ARRANGED.

At the arraignment of Josefine Gomes, alias Josefine Fields, before Judge Prowse yesterday, the woman pleaded not guilty to the charge of battery brought against her by Antonia Perach. She was tried by jury and was released on her own recognizance. The date of the trial has not been set.

NEWS ITEMS.

Charley Allen, T. B. Russell, E. E. Kelsey and F. P. Allen have departed on a fishing trip to the waters of Alameda creek. They intend to spend several days angling.

It has been reported that a large quantity of early peas is being shipped to Portland from the district around here. J. W. Newman is sending the entire crop of his seven acre tract and other growers are sending smaller amounts.

Mrs. C. M. Reese with Charles and Ada Pimental is visiting friends at Half Moon Bay.

F. I. Lemos of this place was in San Rafael yesterday on business.

Jesse Lawrence of Danville spent yesterday here on business.

Frank Sequeira, a prominent man of Palomares, is very ill at his daughter's home in Haywards. Fear is entertained that he may not live.

Rev. J. W. Newman, pastor of the Methodist Church here, left today for Woodland to attend the laying of the corner stone of the new Masonic Temple there. He will take an active part in the exercise as he holds the position of Grand Chaplain in the lodge.

ARE MARRIED.

M. L. Lowmyer and Miss Mary A. Allison were married here last Saturday at noon by Rev. J. E. Anderson of the Presbyterian Church. The ceremony took place at the home of the bride's mother, Mrs. M. Allison on San Lorenzo avenue.

After a delightful wedding dinner the happy pair started on their honeymoon journey to Fresno, where they will stay several days.

Both of the parties are well known here. The bride lived in San Leandro for three years.

TO GIVE BALL.

The Pleasanton Fire Department is planning a grand ball to be given in that town Friday evening. Nevis Pavilion will be the scene of the festivities and a large number of guests are expected. The public is invited to attend.

There will be a supper served at midnight. The refreshment menu has been arranged to provide the music.

This will be the fifth annual ball of the department and promises to be an even greater success than the previous ones.

ITEMS OF INTEREST.

Final reports have been received from the sub-committee on the Old Folks' celebration to be held here Saturday night. There was a called meeting of the arrangements committee Saturday night at the hall here and the reports made.

A new coat of paint is being put on the Zetudillo House by E. Rey of Haywards.

BUSINESS SOLD
TO EASTERNER

BERKELEY April 26—An important transaction in the business world of Berkeley occurred when Joseph Neil sold the White House dry goods and clothing store of South Berkeley to S. B. Bowen an Eastern capitalist, for the sum of \$15,000. The store is one of the largest of its kind in Berkeley.

University Authorities Asked By
Offended Students to Suppress
the Publication.

BERKELEY April 26—The faculty committee on students affairs has been importuned to suppress the entire Blue and Gold which comes out Thursday because of alleged indiscretions in the 'Josh' department of the annual. The complaint that is causing the managers of the book trouble comes from the Adams brothers C. F. and D. S. both members of the senior class in the University. The 'Josh' department contains cartoons and verse not to the liking of the Adams boys. In fact they are held up to the ridicule of their class mates and labeled the butt in brotherly jest. The boys object more to the pictures that accompany the verse than they do to the verse itself. They insist that the

BUILDING BEING DONE
IN BERKELEY.

Notes of New Blocks in Course of
Erection—Professor
Gayley's Plans.

BERKELEY April 26—The new three-story stone front store and apartment building at the corner of Ashby avenue and Adeline street is nearing completion. It is an innovation in the way of architecture being built to conform to the shape of the lot which has a circular front. There will be five stores on the ground floor, while the upper floors will be divided into up-to-date departments. Two of the store rooms are already rented and others are being negotiated. Christopher Webb of San Francisco is the owner of the building. His interests are being looked after by Moskowitz & Company.

Another new building at Ashby is the two-story brick which Moskowitz & Company are having erected for G. Moeller. This building has two stories on the ground floor and apartments above. One of the rooms is already occupied by Henry Reichhold with the Model Market. The Market is everything that the name would imply being a model butcher shop with every modern convenience. Besides these business blocks many new residences are being erected in this popular section of Berkeley.

SOUTH END BLOCKS.

The northeast and southwest corners of Shattuck avenue at Essex street are being substantially improved. On the former corner Mrs. F. Jallu is remodeling her residence facing on Essex

HATS OFF.

Facts About the American Indian's Healthy Hair.

The American Indian accustomed from time immemorial to go bareheaded in all kinds of weather is never troubled with falling hair or baldness. The close atmosphere caused by our civilized head-gear is conducive to the breeding of infinitesimal germs which dig into the scalp and thrive on the sap of the hair-root.

This true cause of baldness is of recent discovery and explains the non-success of all hair-vigors which treat baldness as a functional disorder.

Newbro's Herpicide is a direct exterminator of the germ "It destroys the cause" and permits the hair to grow as nature intended.

Announcement to all who are suffering from ECZEMA D. D. D. Prescription

to act as distributors for this city and vicinity of this well-known preparation, and will not only sell D. D. D. at retail at our store, but will supply druggists at wholesale prices.

This arrangement will enable those suffering from any torturing skin disease to procure D. D. D. at their nearest drug store. The importance of this announcement will be appreciated when it is remembered that D. D. D. is now generally recognized as the only cure specific for Eczema and allied skin diseases. We are specially pleased to make this announcement because from long experience we know the splendid results achieved by D. D. D. in the cure of these diseases.

It is a liquid for external application which immediately penetrates the skin, leaving no grease or discoloration, and no case of skin disease is too old or too virulent to submit readily to its germ-killing powers. A cure is guaranteed in every case, no matter how long the disease has tortured you.

You take no risk whatever in buying D. D. D. because the manufacturers absolutely guarantee to cure you, and if it fails the druggist will refund the purchase price.

This offer is made in good faith and there is no reason why any one should be longer tortured by skin diseases when a certain and guaranteed cure is within easy reach. We vouch for the genuineness of this guaranty.

D. D. D. costs but \$1.00 a bottle, and is guaranteed to cure or money refunded.

formal lectures to be delivered by un-
dergraduate and graduate students
that have investigated subjects of in-
terest.

"CO-EDS" SCHEME "Shirt Waist" at Home Planned By Sophomore Women Students.

BERKELEY, April 26—The Sopho-
more women are completing arrange-
ments for a "shirt waist" at home to
be given in honor of the women of
the senior class on Thursday April 27,
at Hearst Hall from 3 to 5 p. m. The
senior women are all invited and the
'07 women promise many new and
novel features which will make this
farewell reception one long to be re-
membered. The women will appear in
shirt waists and the aim of the com-
mittee will be to render the affair
informal as possible. The program
will include singing, surprise features,
dialogue and dancing. The entertain-
ment committee consists of Misses
Margery Lynch, chairman, Hazel
Lyons, Rose Hizar, Ethel Denry, Clara
Cooper and Louise Menefee.

BERKELEY, April 26—"Practical
Suggestions for Codling Moth Control
in the Pajaro Valley" is the subject of
a bulletin by W. H. Volek, just issued
by the Department of Agriculture of the
University of California. The bulle-
tin deals with the various methods of
exterminating this pest, which are sum-
marized as follows:
"It is recommended that parts green
be discarded in all localities where
its careful use has proved injurious to
the trees."
Arsenate of lead has been found re-
liable as an insecticide as well as neu-
tral toward vegetation, and its use
is recommended.
"During the coming season the
growers are advised to use commercial
lead arsenate rather than attempt the
production of the home-made article."

WALL STREET IS CURIOUS

NEW STOCK EXCHANGE IS FORM-
ED AND MANY QUESTIONS
ARE ASKED.

NEW YORK, April 26—The certificate
of incorporation of the New Jersey Stock
Exchange has been filed in New Jersey.
The object of the corporation as stated
in the papers is to maintain an exchange
and to furnish facilities for its members
in the purchase and sale of securities.
What the news that there is to be a
New Jersey Stock Exchange reached
Wall Street it was assumed that the new
enterprise is undertaken for the purpose
of avoiding the additional cost that will
be imposed on stock transactions when
the new transfer tax law goes into effect
on June 1 in this State.
The incorporation papers provide that
the exchange may have branches in New
York and other States.

NEW YORK, April 26—Considerable
interest has been created here by the
incorporation at Trenton of the New
Jersey Stock Exchange. While the new
concern admittedly has for its object the
evasion of the stock transfer tax law
just passed by the New York Legisla-
ture, the scheme cannot be learned.
The incorporators names give no clue
as to who they are. They are merely
employees of a trust company in East
Orange. It is reported, however, that
the exchange will be identified with two
large financial institutions in New York
and other New York City and New Jersey
financial men whose identity will be
disclosed.

Membership in the exchange will not
according to present plans be confined
to representatives of any single board in
this city as had been suggested when
the scheme was first broached. Hence
the attitude of the New York Stock Ex-
change is awaited with considerable in-
terest as that body has strenuous rules
against its members having anything to
do with dealings in certain other ex-
changes and has vigorously enforced
these rules from time to time.
There is nothing in the constitution
of the Stock Exchange, however, to pre-
vent its members belonging to an ex-
change in another State, even if there
be only a river between the two boards.
Members of both the New York Stock
Exchange and the Consolidated Stock Ex-
change belong to the Philadelphia Ex-
change and to the Chicago Board of
Trade so the backers of the New Jersey
Exchange believe that the New York
Stock Exchange will not forbid dealings
there by its members.

REFUSES TO GRANT REQUEST

STOCKHOLM, Sweden April 26—The
Norwegian Government has declined to
accede to the Crown Prince Regent's
request for a renewal of the negotiations
looking to an adjustment of the differ-
ences between Sweden and Norway, but
requires as precedent to such negotia-
tions the establishment of a separate ex-
change service and that no obstacle be
imposed on the existing liberty of action
of either country. In consequence of this
decision the Regent issued a statement
as follows:
"The Norwegian Government unfortu-
nately declines to associate itself with
my proposal for fresh negotiations con-
cerning the union. I must therefore
with sincere regret leave the matter to
the Council of State."

SORES That REFUSE TO HEAL

A Source of Constant Worry
and an Injury to Health.

Whenever a sore or ulcer refuses to heal it is a sure sign that there is something
wrong with the blood. It is not healthy as it should be, but infected with some germ or
perhaps old blood taint that has lain dormant in the system for years awaiting a favorable
opportunity for manifesting itself. Then often an insignificant scratch, cut or bruise will
develop into a festering sore that resists all treatment and becomes a source of daily care
and worry, affecting the entire health and causing the sufferer many hours of anxiety.

Those most usually afflicted with sores and ulcers are persons who have reached or passed
middle life. The vitality of the blood and strength of the system have naturally begun to
wane, and the poisonous germs with which it is saturated force an outlet on the face, arms,
legs or some other part of the body and form a sore or ulcer. This being fed by a poisoned
blood supply, grows red and angry, festers and eats into the surrounding tissue until it be-
comes what is very truly termed "an old sore." While the old or middle-aged are the usual
sufferers, the young are not exempt if the blood becomes infected with the germs.

How aggravating and stubborn these places are can best be told by some person who
has nursed and treated one for years, applying salves, powders, washes and the like until
his patience is exhausted and with no good results. The sore or ulcer remains and con-
tinues its work of destruction by eating deeper into the surrounding flesh, and distributing
its poison through the circulation to all parts
of the body to affect the general health.
The fact that often a wart, mole, pimple or
birthmark, that for years showed no signs of
trouble, will sometimes, with a little rough
handling or slight cut, develop into one of
these stubborn ulcers, shows conclusively
that the cause is in the blood. Not only are
they painful, but dangerous, because the
same taint that is behind an "old sore"
is back of cancerous ulcers.

The practice of cutting out the diseased part and scraping the bone is often resorted to,
but these severe measures seldom do any good. The sore may be removed and for a time
heal over, but the same poison that produced it the first time is still in the blood, because
the blood cannot be cut away, and it will return. Nor can external applications be of any
permanent benefit for the reason that the trouble is beyond their reach and they cannot
possibly have any effect on the germs and poisons—the most they can do is relieve the pain.

The only treatment that can do any real good is a competent blood purifier—one that
goes to the very root of the trouble and forces out the cause; and for this purpose nothing
has ever been found to equal S. S. S. It goes to the fountain-head of the disease, drives out
all poison and morbid matter, reduces the inflammation and allows the sore to heal natu-
rally and permanently. Not only does S. S. S. purify the blood of all poisons and germs,
but builds it up, making it strong and healthy and able to supply every part of the body
with sufficient and proper nourishment to keep it
in perfect health. S. S. S. is purely vegetable, being
made entirely from roots, herbs and barks, and is not
only the king of blood purifiers, but the greatest of all
tonics to strengthen the constitution, restore the vitality,
help the appetite and digestion, and tone up the system.

If you have a sore that is slow in healing do not
waste time with external applications, or experiment
with unknown remedies, but begin the use of S. S. S. and by removing the cause, cure the
trouble permanently. Our special book on sores and ulcers and any medical advice will be
given without charge.

NEWSPAPER MEN ATTEND RECEPTION.

German-Americans Hospitably Entertain Their Friends of the Local Press.

Professor Albin Putzker of the University of California gave an address last evening to the newspaper men of Alameda county regarding the Schiller memorial services, which will be held in the Greek Amphitheater at the University May 7. The affair was in the nature of a reception to the newspaper men and was held at the home of the German Club of California, Eleventh street and Broadway. During the evening refreshments were served.

Albert Curran, editor of the Oakland Journal, presided, and after thanking the newspapermen for their presence and bidding them welcome, he introduced Professor Putzker. In doing so he said: "Gentlemen of the press, we bid you a hearty welcome. The purpose of this gathering is, first, that we may get better acquainted; second, that Professor Putzker may tell you of our proposed memorial celebration, and third, that you young gentlemen may become more in touch with the German-Americans, who share with the American born, the love of liberty and justice."

Before Mr. Curran introduced Professor Putzker, H. W. Kleinbroich sang the "Reichslied" by Peters. In speaking of the memorial services Professor Putzker said in part: "I shall address myself to the gentlemen of the press. We feel that most of us are members of the press ourselves. I was formerly connected with it and Mr. Curran and others here are now leading members of the German press of California. We feel that the newspaper men are hale fellows, well met, always ready to meet with their fellow men and have a glass of beer and a pretzel. Now, we want you to show us generosity and help make the Schiller memorial a success."

"Gentlemen, this is not a mere celebration. We have a high purpose in mind and in no way is it selfish. We Germans love a great man and we wish to honor him. His name is Schiller. This man was an extraordinary man. No such man existed before him. No such man will ever live again. As Christ Jesus was to religious thought, Schiller was to poetic thought. "This memorial celebration will not be entirely German in its character. Professor Cayley will speak in English and there will be English music. There will be only one German speech and Miss Grace L. Jones will recite Frau's poem to Schiller. "The amphitheater will hold 7000 persons and we want it to be overflowing, for our high purpose is to educate

PRISON HIS FATE

Rich Young Clubman Cannot Raise Necessary Bail.

The preliminary examination of George E. Lawrence, the young Piedmont capitalist, who is alleged to have slashed his wife, Laura J. Lawrence across the neck and to have destroyed her facial beauty forever, was set by Police Judge Samuels for May 1.

Lawrence, despite his wealth, is still in jail. His wife in her divorce complaint, alleges he is worth \$250,000. This property is tied up by injunction until the divorce suit shall have been settled. On this account Lawrence has not been able to lay his hands on \$5000 required bail.

The friends who hung around him because of his wealth like flies around molasses, have disappeared as if by magic and the only companionship that the young clubman has is his melancholy thoughts.

The evidence in the case is thought to be very strong by the Prosecuting Attorney and Lawrence may not even with his money, be able to clear himself of the charge of assault to commit murder.

At first the wife refused to prosecute her husband but she says he continued to threaten her life and the life of her child and she had to have him arrested in self protection.

AN APPRECIATION OF DR. BURCHARD

Editor TRIBUNE: In one of Canon Mozley's Oxford University sermons there is a beautiful paragraph which some of us have instinctively associated with the late Dr. Burchard.

"I do not see why we should object to admit that some persons are, even in point of character, if we may use the expression, 'gooder' than others. I meet these persons certainly exhibit from the first dawn of their existence as moral agents, an spiritual type that is not only a law written in their hearts, but an inspired goodness and beauty of character, which carries them instinctively to that good which others reach only by many struggles and, perhaps, many falls."

Such many of us have seen. Such a "favorito of heaven" was Dr. Burchard. There was a unique charm alike in his personality. His was a winsome personality, beloved by all and sought after by those whose good fortune it was to know and love him.

His interest in the workings of human nature sometimes would show itself in forms original as well as true. His friendship with kindness and truth was the secret of a pure manhood and a beneficent life.

There are some men and women in whose company we are always at our best. While with them we cannot think mean thoughts or speak ungenerous words; their mere presence is elevation and purification. All the best steps in our nature are drawn out by their influence, and we find a music in our souls that was never there before.

His courtesy and thoughtfulness for others were unfeigned; his playful humor was like glints of sunshine and in years to come his forgetfulness of self will ever stand as a rebuke to every vain and selfishly ambitious temper.

There was a genuine modesty in him which made it easy for him to assume the attitude of a learner—he stooped to learn where another would have exalted himself to teach.

Dr. Burchard's closing words in the "Doctor of the Old School" may fittingly be used: "Surely no funeral is like unto that of a doctor for pathos, and a peculiar sadness fell on that company as his body was carried out, who for years had been their help in sickness and had beaten back death time after time from their door. Death after all was victor, for the man that saved them had not been able to save himself."

Come, ye blessed of my Father—I was sick and ye visited me." MISS B.

Oakland and Alameda Men Testify at His Trial

SACRAMENTO, April 26.—When the trial of Harry Bunkers, the State Senator accused of bribery, was called this morning in Judge Hart's department of the Superior Court the prosecution placed J. O. Jones of Alameda, J. A. Vaughn of Oakland and Morris Davis upon the stand.

They were called as character witnesses to testify as to the reputation of Harry Bunkers, a detective, for truth and veracity. They said his reputation was good.

Judge James G. Maguire of San Francisco and Sheriff Shiley of San Joaquin were here to swear to the good reputation of Detective George N. Tichenor, but they were not called, the defense announcing that Tichenor's character was not to be attacked.

At this point District Attorney Seymour announced that several witnesses who had been subpoenaed had not arrived, and Judge Hart ordered a recess until 3 o'clock this afternoon.

The trial will be concluded this week. The arguments will take up two days' time. Charles T. Jones will open for the prosecution and District Attorney Seymour will make the closing argument.

The opening argument for the defense will be made by H. L. Partridge, and Senator H. V. Moorhouse will close for the defense.

IS TAKE THE OATH OF OFFICE

COMMISSIONERS WILL LOOK AFTER THE EXHIBIT OF THE COUNTY.

Colonel Theo. Gier, Wilbur Walker and H. W. Weibye formally accepted their appointment this morning at the hands of the Board of Supervisors as Alameda county commissioners to the Lewis and Clark Exposition and took their oath of office before County Clerk J. P. Cook. Their acceptance as conveyed in a communication to the board reads:

"To the Honorable the Board of Supervisors of Alameda County: Whereas, by resolution duly adopted by your honorable body, Theodore Gier, W. H. Weibye and Wilbur Walker were appointed as commissioners from the county of Alameda to the Lewis and Clark Exposition, to be held at Portland in the year 1906.

"The undersigned desire to notify your honorable body that we accept the said appointment.

"We agree to support the Constitution of the United States, the Constitution of the State of California and faithfully perform the duties of said position to the best of our ability.

"Thanking you for the appointment, we remain yours respectfully,

"THEODORE GIER, "WILBUR WALKER, "H. W. WEIBYE."

The work of adding to the exhibit that was brought back from the St. Louis Fair will be done during the coming summer months while the different fruits and other plants are in season.

DREWS FEARED WOMAN WANTS POISON MONEY

D. EDWARD COLLINS TELLS OF HIS TRIP TO SAN JOSE.

"Mr. and Mrs. Frank Drew, who were robbed of \$2000 by Epistiot Weber in San Jose two weeks ago, fled from this city because they feared they would be poisoned."

"This was the statement made to a TRIBUNE reporter today by one of the best known business men of this city, who has had dealings with Mr. Drew for many years."

EFFECT OF STANFORD STORY.
"I do not know whom they suspected, because they kept the matter very close to themselves. It may, however, have been an hallucination, and been occasioned by the publicity given to the story about the alleged poisoning of Mrs. Leiland Stanford."

"While here they changed their place of abode somewhat frequently and never stopped in a boarding-house where meals were eaten in common. They always ate in their own rooms and the meals were always prepared by Mrs. Drew herself."

"This was noted upon by others as an indication of parsimony or strained circumstances, when neither of these conditions could be charged to husband or wife."

AN ARCH-FIEND.
"It was a precaution which they took to prevent being made, as they feared, the victim of some person whom they looked upon as an arch-fiend."

"A TRIBUNE reporter discovered today that one of the places in which the Drews found shelter while in this city was the home of Mrs. De Prim, on Harrison street, at the northwest corner of Thirteenth street."

"Mrs. De Prim says the Drews never conveyed any intimation to her that they feared someone would poison them, but said it was true that the two ate meals which were prepared in their own quarters and by no other hands than those of Mrs. Drew herself."

"When Mr. and Mrs. Drew left my house," said Mrs. De Prim, "they did so because they fancied some of the ladies who roomed upstairs were walking continually back and forth in their rooms when the fact of the case was that the roomers in question were on their feet only when occasion required."

"After leaving my house they went to live on Myrtle street. Before coming to me they had stopped in a house on Eleventh street, off San Pablo avenue."

SENSE OF MORTIFICATION.
D. Edward Collins said that he had gone to San Jose to see the Drews on a request to that effect by telegraph and that he had found them perfectly rational and recovered from their hypnotic trance. They did not, he said, feel the loss of the \$2000 of which they had been robbed, but their sense of mortification in becoming the victim of a mountebank was keen indeed."

ASKS MILLIONAIRE WHITTELL TO PAY \$500 FOR HER SILENCE ABOUT SON.

SAN FRANCISCO, April 26.—For keeping her ruby lips tightly closed Miss Florence M. Boyers was to have received \$500 from George Whittell, the millionaire, with whose son she was on a footing of intimacy about two years ago; but the story which was to have been suppressed got into print and the money was not paid. In consequence a suit on her behalf against Charles F. Hanlon, Whittell's attorney, who gave a bond for the \$500, is on trial before a jury in Judge Hunt's department. On the jury are such merchants as Charles Holbrook, president of Holbrook, Merrill & Steel; Marcus Hart, Benjamin Garcon and other men of means. I. I. Brown and Gavin McNab are the young woman's attorneys.

George Whittell, the father, was in court yesterday and was called to the witness stand this morning. Miss Boyers and her former attorney, H. M. Owens, who was present when the bond was given, furnished the testimony yesterday.

On November 6, 1903, suit was brought on behalf of George Whittell Jr. against Miss Boyers to have her set forth her claims against him. She filed in response a copy of a marriage contract which they signed in New York on the night of December 5, 1902. Judge Troutt decided that the contract was not a valid document. The suit was kept secret, and on November 10, 1903, the agreement to pay Miss Boyers \$500 for keeping silent was made. Five days later the tale of the carefully hidden suit appeared in the newspapers. The young woman makes oath, however, that she did not reveal the secret, and that she gently but firmly turned away all inquisitive newspaper representatives. She professes to dislike publicity as much as the Whittells do.

Before meeting young Whittell she married Homer H. Selby, brother of the pugilist, Norman Selby, known as Kid McCoy. She and Selby were divorced and he then married her sister.

The Whittells reside in Alameda. An automobile belonging to Whittell junior was recently attached, and was taken possession of by Sheriff Barnett of this county.

REHEARSALS FOR MAY FESTIVAL

The final rehearsal on this side of the bay of the May Festival chorus will be held at the Assembly Hall of the Chabot Observatory this coming Thursday evening, April 27.

"At this time the attendance of every member of the chorus is earnestly requested, as the tickets for the use of the chorus at the concert will be distributed."

"A mass rehearsal of the San Francisco and Oakland choruses will be held Friday evening at the Girls' High School building, corner of Geary and Scott streets, San Francisco."

TELLS OF BEAUTIES OF THE COUNTY

Last evening before the Merchants' Exchange Colonel L. P. Crane, who is engaged in preparing pamphlets, advertising the advantages of various sections, delivered an address on the advantages and resources of Alameda county.

In the course of his remarks he declared that, ultimately, the Alameda county side of the bay would be the center of the industries and commerce of the bay region. He stated that a locality like this, where rail and ship were brought together, was bound to go to the front, with the big commerce of the Orient at the city's door, and that the
